How do I get service?

Locate the TV outlet in your room and connect one end of the cable to it and the other end to the “CATV” or “VHF IN” on your television. Your digital television must have a QAM tuner (Quadrature Amplitude Modulation) to work with the school’s cable service.

How do I program my digital TV to receive all the University channels?

It is important to auto program your TV to ensure you are viewing all the available digital channels. Exact details on how to auto program or auto tune digital TVs vary from manufacturer to manufacturer and from model to model. These instructions are generalizations that are meant to describe the way most TVs accomplish this feature. For best results, refer to the owner’s manual for the specific TV you are working with.

Using the TVs remote control, follow these general steps:

**Step 1:** Press the “Power” button to turn on the TV
**Step 2:** Press the “Menu” Button
**Step 3:** Select “Set-Up”
**Step 4:** Select “Cable”
**Step 5:** Select “Auto Program/Auto Tune” then “OK”
