122. Comments

- During my junior year at FSU, I had a large issue with a professor. I didn't feel it was taken seriously by the chairperson of the department, the Assistant Dean of Students or the Dean of Students. Almost 7 months later, I still feel as if the issue is not resolved. I did not get the results I was looking for and am still extremely disappointed in the lack of concern for my well-being as a student. More care should be taken by administrators in the future.
- My experience here at Fitchburg State University has been life blowing. I am sad that I will be leaving. The one thing I would like to point out that I think is important is the parking here on campus. There is not enough parking for everyone who has a permit. It is unfair that people who have parking permits cannot get a spot because someone without a permit occupy's it. With this no one is doing nothing about it. I would suggest to extend the parking lots or create one. There is empty land right next to or before the dirt lot Or do not not hand out more permits to everyone where there is not enough parking. First comes first serve kind of deal. Overall, it is not fair for someone who paid a lot of money to have their car on campus compared to someone who did not.
- I love FSU. It has given me so many opportunities that I couldn't imagine getting at another university. The professors here are bread and butter of FSU. Professors here actually care about their students and would be willing to do whatever it takes to make sure students succeed and for that I am forever eternally indebted to FSU.
- This survey is faulty - can't properly answer some questions.
