**122.** Comments

1. The college itself is nice, the only real negative about it is the city it's in. I know there's nothing that can be done about that, but the rougher city does take away from people wanting to come here. But school wise it's been pretty positive. The school's made huge strides forward in the time I've been here and I've enjoyed it. I'm very grateful for Dr. Renee Scapparone for everything she's done for me over these last four years. She's not only a very smart and knowledgeable professor, she really gets you involved in what you're learning and makes it fun. She's been an immeasurable resource to me both in and out of class and I really appreciate the fact that she really cared about me succeeding in everything I've tried. Her enthusiasm for everything is infectious and she's the first person I've ever had in any type of schooling who's made me actually enjoy and look forward to coming to school. She's an amazing person and Fitchburg State is so lucky to have her.
2. The one negative experience that I am currently battling is that not all courses that I need to graduate are being offered. Luckily, one of my professors is going to help me with a direct study and a LECAP
3. FSC is an amazing place to go and be. I will honestly be telling people on how amazing FSU is.
