122. Comments

1. I have found that the communication between FSU and myself has been less than desirable throughout this experience. Numerous times I have had issues with the financial aid department. When I set up my Community Clinical in Spring of 2016 I had an awful experience with communication from the school which caused the start of my rotation to be delayed and made the entire semester much more stressful than it needed to be. Though some professors are wonderful with communication, the overall feeling is that students are constantly made to send numerous messages before receiving informative feedback. From my experience I have told numerous people that I would not recommend going to FSU for their continued education. Even as I type this I'm awaiting a call back about courses. Currently Web-4 degree audit is showing that I have two unmet nursing electives that need authorization from the nursing department and dean. When speaking with my adviser before planning the courses I took Fall 2016 I was told that all courses except for my Capstone clinical would be completed with the courses I signed up for. Per the look of things now I will need to take two additional classes with my Capstone clinical, meaning that I will be carrying 15 credits while working full-time. If Web-4 is incorrect, it means that I'm experiencing severe additional stress for no reason other than people at the college are not properly doing their jobs.
2. I have been very disappointed with the communication here at FSC. Each semester there has been an issue with classes. This has set back my schedule or I have had to take more classes than I wanted to in a semester, so I can graduate on time. I have had issues with clinical placement and elective courses being taken off the schedule after being released on in the catalog. An example- caring for forensic populations was supposed to be offered Fall 2016, I set up my schedule with my adviser. I set my schedule up so that I could take the 9 credit capstone class alone. At the last minute forensics was cancelled so I now have to take it with my 9 credit capstone class that has a clinical. I work 40+ hours a week and have a small child. I would have taken an extra class summer I, if I would have known that neither nursing electives would be offered in summer II or fall 2016. This makes classes and life much harder for me.
3. I enjoyed my online RN to BSN experience offered by Fitchburg State University.
