**122.** Comments

- There were a lot of positives at the school, such as my major department. However, there were also many negatives, such as parking, living on campus, the dining hall, and more. Because the negatives were a part of my life in such a big way as a resident student, they really swayed my opinion of the school. However, I do think the courses and programs offered here can be quite beneficial.
- N/a
- Fitchburg State has few good staff members who actually care about their students. I received little to no help on what my options would be post-graduation. My experience at Fitchburg State was not as welcoming as I would have wanted it to be. Little to nothing is done to improve the quality of education and student involvement on campus.
- Psych requires a psych lab, but there has only been 1 offered each semester and fills too fast to get into.
