Briefly describe program change to the existing program as it will appear in university catalog:

Currently students have a choice of taking:
 READ 8050 Wilson Reading System – Advanced Word Study Steps 7-12
 OR
 READ 8021 Wilson Reading System – Level II Course
 READ 8021 is no longer being offered.

Population/anticipated enrollment/staffing plan (i.e., Who/how many will program serve?)

This change will impact all graduate students in the SPED Guided Studies MED Dyslexia Specialist concentration.
 There will not be any changes in staffing needed.

Rationale and expected outcomes for program change:

This is a change initiated by Wilson Language through our partnership with that organization for our SPED Guided Studies MED Dyslexia Specialist concentration. The Wilson organization no longer offers READ 8021 Wilson Reading System – Level II Course. This program change simply reflects Wilson's up-to-date changes.

Implementation plan (what semester will new policy/policy change begin; will change be phased in)

This change is already in place since course is no longer offered, but changes in catalog and promotional literature will be effective in Fall 12021.

An old and new plan of study must be included with this proposal (Please use template for program revision).

If new courses are proposed or major changes are made to existing courses, submit a Graduate Council New Course Approval form.
