Program Information

This proposal refers to a (check all that apply): Certificate Program Teacher Licensure Program Degree Program

Does the program run on a cohort model?

- Yes
 No

Will additional faculty be needed, day/adjunct?

- Yes
 No

Briefly describe program change to the existing program as it will appear in university catalog:

* Replace CRAR 9060 Research in Creative Arts with EDUC 9300 Educational Research as a core requirement for both the Art and Music concentrations in the Arts Education M.Ed. program.

Population/anticipated enrollment/staffing plan (i.e., Who/how many will program serve?)

* This change will have only a minor impact on enrollments in EDUC 9300, and will not require any additional staffing.

Rationale and expected outcomes for program change:

* We are encountering a structural problem with using our research class, CRAR 9060, as preparation for the EDUC 9510 Capstone. Because of the current small scale of our program, we are only able to offer CRAR 9060 on a 2-year rotation, which has meant that some students have needed to request a substitution for CRAR 9060 as they prepare for their Capstone, and Denise Sargent has accommodated them in EDUC 9300. Having EDUC 9300 permanently replace CRAR 9060 in our Arts Education M.Ed. program will alleviate this problem. Also, what our Arts Education students need from the research class is not actually arts-specific content, but as art and music teachers they need the same educational research skills that all other teachers need.

Implementation plan (what semester will new policy/policy change begin; will change be phased in)

* Will take effect for Fall 2021.

NOTE: The dynamic form will not accept attachments, but I can provide old/new plan of study separately.

An old and new plan of study must be included with this proposal (Please use template for program revision).

If new courses are proposed or major changes are made to existing courses, submit a Graduate Council New Course Approval form.
