10. We are always looking for feedback to help us with quality and improvements. Is there something you would like to share with us regarding facilities or your program that wasn't captured above?

1. Teach your professors how to use the computers! I don't know how many times I've had classes come grinding to a halt because the professor can't figure out how the computer/projector works

2. Better advising, some advisors focus on the negative rather than pushing you in a positive way. The random switches of advisors and the lack of help/caring from some really effects the college experience.
