Recommendations from outside Reviewer	Department Responses
Expand the undergraduate curriculum	
Development of recognized assets in applied and experiential learning including the creation of an internship coordinator position.	
Enhance outcomes assessment regimen. Consider assessing learning outcomes at the course level which cut across majors and non-majors.	
Reconsider the four categories used in assessment and consider adding non-disciplinary outcomes (such as LEAP or Vision project outcomes)	
Explore the internal and external demand for a proposed MPP program. Weigh the costs and benefits of such before proceeding.	
Expand research methods to four credits with a lab component
