Course(s) to be removed from Graduate Catalog (please indicate number and title):

MGMT 9032- Advanced Accounting Financial Issues

Rationale for removing the course(s):

The MBA Accounting concentration consists of three Financial Reporting courses that have overlapping objectives. This course was created to serve as a research course. Since then all our courses are taught from a research perspective and having three courses with similar and overlapping objectives does not provide diversity in learning.

The course will be replaced with a course in Taxation that will add new learning opportunities in the respective specialization in the field of accounting.

Does removal of this course affect any other courses (Prerequisite, Corequisite) Yes No
If yes, please submit course change proposal to address this.

Does removal of this course affect any programs or plans of study? Yes No
If yes, please submit program change proposal form to show how requirements will change.
