15. What did we not ask you about but you feel we should know?

- I was a RA and I feel that gave me a lot of the leadership experience I needed to take on my current supervisor role.
- I have worked as a nurse literally all over the county, and worked with nurses who have trained all over the country, and I find that being prepared at FSU made me feel more confident than my counterparts not trained there. Our in depth education, rigorous testing and high standards made me far better prepared for nursing in the real world.
- I loved the nursing program. It helped me pass the NCLEX on my first try and I've had a great career so far. I lived on campus and socially did very well. I made some of my best friends at college and even my husband on campus. We've been married almost 3 years.
