Clinical Agency Suggestions:

- Prison
- District Attorney

Preceptor qualifications:

Preceptor ideally should be an APRN, Psychologist, or MD.

However, some of the agencies do not have nurses, psychologists or MDs on staff, so a minimum of Bachelor's prepared with some type of specialized training or certification that makes them an expert in their field is required. The credentials of the preceptor in these cases will have to be approved by the instructor. Student will be required to forward CV of preceptor to instructor/FSU to be approved prior to pursuing permission for clinical placement.

Procedure:

1. Email Preceptor resume to instructor, to obtain ‘approval’ for the Preceptor and the Clinical Agency.

3. Email Deborah Gifford the following information for the Clinical Contract:

   - Contact person (at agency) name, title, email address and phone number
