10. We are always looking for feedback to help us with quality and improvements. Is there something you would like to share with us regarding facilities or your program that wasn't captured above?

1. No

   I have had a wonderful experience over the last few years in the MSN graduate program. Finding clinical experiences to complete the required hours would have been much easier if we had more information and support from the nursing faculty. I practically had to beg for a list of previous placements when I began my clinical. By narrowing down a list of willing clinical sites, students will have a better clinical experience. I understand that this is a unique major, but if it has been part of the Fitchburg State University academic program, the college of nursing must provide more support in finding appropriate placements in Massachusetts.

2. For the final course, nursing research, I consistently reached out by phone and email to the professor/advisor for feedback on my paper. Most of the time I did not receive a reply, and had to make multiple attempts to reach her before she would give feedback on the progress of the paper. I felt that her feedback was snarky at times, and points were taken off of grading for things that she made corrections on, as I made the changes she requested. Reaching out for help seemed futile at times. I believe that although I have finished my research paper and am graduating, I would have benefitted from having an advisor who was not the professor for the course. It seems that her mind is focused elsewhere and not on advising students in their last semester, which should be a major focus. I have heard similar comments and concerns from other graduate students. I trust that this feedback is anonymous and that I will not be penalized for my comments. I look forward to graduation on December 21, 2018.

3. na

   The course content in the classes doesn't seem to have changed in several years; there were even syllabi provided that weren't updated with the current year/term. I think the program COULD HAVE been really strong, but needs some tweaking to make it better. Additionally, despite being in an online forum, with
4. technologically these days, ways to better engage distance learners should be explored to enhance the learning experience. The assigned tasks were not always aligned with the provided readings. Providing a more engaging environment would have been helpful in students better understanding the application of concepts.

1.   No

2.   Please see comments made above

3.   For the most part, I had a very positive experience with the professors in the MSN program. The admin, however, I found to be rude often and seemed to make things unnecessarily difficult.

14. Is there something you would like to share with us regarding our offices, programs and services at Fitchburg State Univesity that wasn't captured in the questions above?

1.   No

2.   I received way too many emails regarding undergraduate concerns and campus life. There must be a way for you to filter out emails sent to exclude distance learners rather than sending to the every enrolled student. Even with this survey - I selected that I was an off-campus GCE student, and the majority of these survey questions are related to offices and experiences with whom I had no contact. Start making things more relevant to the population you are serving and I think you will an increase in satisfied students.
