Course Revision Details

Please provide current and proposed versions

*The course is currently considered an equivalent to SPED 9130 Advanced Identification and Remediation of Reading/Language Based Learning Disabilities. The content has not substantially changed in either of the courses (less than 50%) but the nature of course assignments have changed due to licensure requirements. The courses should no longer be designated as course equivalents.

Rationale and expected outcomes of course change

*The course requirements have changed as licensure requirements have evolved. Students pursuing licensure as a special educator and reading specialist will need to take both courses to fulfill the requirements for licensure.

Course Syllabus

A syllabus is required when there is a change that impacts 50% or more of the current course content and curriculum or there is a change to the format of the syllabus that is outside of the University guidelines for graduate syllabi.
