HANDBOOK

Dear Collaborative Partners,

On behalf of Fitchburg State University, we are pleased to provide you with this Handbook for Extended Campus Programs. Together our programs offer excellent educational opportunities including graduate, undergraduate, certificate and professional development programs across the state for working professionals who wish to pursue advanced education. We hope that you will find this handbook to be a useful resource that enhances our work together.

Please review the sections that are pertinent to your programs and let us know if there is any information that we can add to assist you further. It is a pleasure to work with you and we look forward to our continuing collaboration.

Sincerely,

Courses

Course Offerings

The Course Request Chart (*Appendix 1*) must be received at least 60 days prior to the first class session. The course syllabus must be attached to the Course Request chart. If a course has been previously approved or offered in the past, 30 days is sufficient time for approval. The syllabus for a pre-approved course must be submitted at least seven days before the start of the course.

Course Numbering System

Undergraduate courses are numbered 1000-4999

Graduate courses are numbered 6000-9999

- 6000-level numbers are reserved for professional development courses
- Numbers 7000-9999 are assigned graduate courses (higher course numbers imply higher level courses) (*Appendix 2*)

Graduate courses must contain study of an advanced nature involving a review of empirical research and philosophical issues relevant to the course objectives that are synthesized in an assignment that demonstrates the ability to critically analyze a topic or theory.

Topics Courses

A new course offered through a specific department on a trial basis is assigned a “Topics” prefix and number, e.g. “CRAR 8300 Topics . . .” A “Topics” course may be offered only twice before it must be submitted for full approval by the academic department, then by the Graduate Council and finally by the University President. This process can take a year to complete. If it is not approved, it cannot be offered again. Courses with a PRDV (Professional Development) prefix do not need to go through the Graduate Council and can be offered multiple times.

Online and Hybrid Courses

Students in Extended Campus Programs who are taking online or hybrid courses must register for the course a minimum of 10 days prior to the start date of the course if the partner is using Fitchburg State's Blackboard LMS.

Syllabus All courses must adhere to the Education Department *syllabus template* (*Appendix 5*) and *rubric* (*Appendix 6*) for Education courses and the new *syllabus guidelines* for all other courses (*Appendix 7*). All syllabi must include the most recent Extended Campus Library information (*Appendix 8*).

Hours of Instruction

Each course must contain no fewer than the minimum number of instructional hours prescribed as follows:

- 3 credits: 37.5 instructional (contact) hours and 75 out-of-class work hours
- 2 credits: 25 instructional hours and 50 out-of-class work hours
- 1 credit: 12.5 instructional hours and 25 out-of-class work hours

These hours are minimum hours that meet Carnegie unit requirements. Carnegie units assure that for each contact hour, there are two hours of course related work outside the class. These hours are exclusive of breaks, lunch hours, etc.

Special scheduling is at the discretion of the University and requires prior written approval. This scheduling includes special scheduling for intensive courses offered in a compressed time frame, such as three credit courses of less than two weeks duration. A Special Scheduling Request Form (*Appendix 9*) must be submitted along with the Course Request Chart.

Enrollment

The maximum enrollment for any course shall not exceed 30 students without the express written permission of the appropriate dean seven days prior to the start of the course.

Withdrawals

Students may withdraw from a course without academic penalty prior to the eleventh class or the twenty-sixth class hour for special or institute scheduling courses. Any student who does not attend class, but fails to complete a withdrawal form, shall automatically receive a failing grade for the course.

New Courses: Curriculum Development

Prior to developing new courses or programs, agencies are required to consult with the Director of Extended Campus Programs. The University database is extensive and may contain syllabi that will align with the desired new course. The University will work with the agency to determine whether the desired course meets the requirements of a course already in the database. If so, the process will eliminate the need for a "Topics" course (page 1).

Steps to follow with a New Course Idea:

- Contact Associate Dean of SGOCE
- Review syllabi in database

Course Matches: Use existing course prefix and number, imbed specific needs into the syllabus and submit a Course Request Form.

No Course Match: Work with department faculty to develop a research-based course.

Once the course is developed and approved by the Program Chair, the agency will submit the new course on the Course Request Chart. The course will be listed as a Topics course that can be submitted for acceptance into the University catalog.

Faculty

Faculty Approval

If an instructor is not an approved member of the University adjunct faculty pool, the Agency must submit the following documents 30 days prior to the start of the course (Appendix 10):

- Resume
- National Student Clearinghouse release (Masters Degree or higher- terminal degree preferred)
- Adjunct Faculty Pool Form and Master File Form

Faculty Evaluations

Student Evaluations of Faculty

The University will email student evaluation forms to students directly. It is critical that the agencies remind their students to fill these out at the completion of their course. The evaluations are anonymous and results will be emailed to the instructor directly.

Adjunct Faculty Evaluations

Program Chairs, the Associate Dean of the School of Graduate, Online and Continuing Education and/or the Deans will schedule classroom visitations to evaluate courses offered at agencies during the period of the contract. The office of the Dean of Graduate, Online, and Continuing Education (SGOCE) is responsible for sharing the results of these evaluations with the instructor and program chair. The instructor must acknowledge receipt of the evaluation. Copies of the evaluation results are maintained in the office of Extended Campus Programs (*Appendix 11*).

Grades

Grades must be submitted to the University Registrar by the course instructor within 72 hours of the last class via the web-based system. This method ensures direct and immediate grade submission.

If extenuating circumstances exist that preclude a faculty member from submitting grades on line, grades should be submitted via US Mail or fax under confidential cover to the office of the Registrar within 72 hours of the last class.

Grading System

The Agency shall require that all instructors adhere to the following grading system:

Undergraduate Student Grades

Grades are awarded on a numerical scale as follows:

Fitchburg State Grade*	One Hundred Point Equivalency	Letter Grade Equivalency
4.0	A	95 – 100
3.7	A-	92 – 94
3.5	A-/B+	89 – 91
3.3	B+	86 – 88
3.0	B	83 – 85
2.7	B-	80 – 82
2.5	B-/C+	77 – 79
2.3	C+	74 – 76
2.0	C	71 – 73
1.7	C-	69 – 70
1.5	C-/D+	67 – 68
1.3	D+	64 – 66
1.0	D	60 – 63
0.0	F	0 – 59

Incomplete

- An Incomplete (IN) is given in lieu of a grade if a student has successfully completed at least 80% of the required course work but cannot complete the rest due to certifiable illness or the death of an immediate family member.
- Students must complete the required course work by the end of the fourth week of classes of the following semester in order to receive a grade; otherwise the IN is automatically changed to a grade of 0.0.
- While an IN is not counted in determining academic status, it may have an impact on eligibility for financial aid and athletic participation.
- Grades that result from the fulfillment of an IN will not remove a probationary, suspension, or dismissal status, nor will they count toward Dean's List or President's List eligibility.

Graduate Student Grades

4.0	95 - 100	A
3.7	92 - 94	A-
3.5	89 - 91	A-/B+
3.3	86 - 88	B+
3.0	83 - 85	B
2.7	80 - 82	B-
2.5	77 - 79	B-/C+
2.3	74 - 76	C+
2.0	71 - 73	C
0.0	0 - 70	F
W	Withdrawn	
IN*	Incomplete	
IP**	In-Progress	

* An Incomplete may be awarded with the recommendation of the instructor when the student has completed 80% of the coursework but cannot complete the remainder due to illness or some other serious reason. The student must complete the work and the instructor must submit a change of grade to the University Registrar within four weeks of the following semester. Failure to do so will result in an automatic grade of 0.0 for the course.

** A grade of IP may be awarded for a thesis, practicum, internship, or clinical experience at the end of a semester or other instructional period when the student has made progress but has not yet completed all work. Practica and internships need to be completed within two semesters. Theses need to be completed within three semesters. Once the student has completed all work, the instructor must submit a change of grade to the University Registrar. If the work is not completed within the allotted time, the IP will be changed to an IN or a 0.0.

Registration & Payment

All students must register no later than the second class meeting or 14 days following the first class, whichever occurs first. Registration and payment must meet the conditions of the Letter of Agreement. The Agency shall require students to pay tuition at the time of registration for a course. Students are not considered registered by the University until tuition has been paid to the University. In courses which are special scheduling, there is no refund to the student.

Advertising Policy

All advertising must be approved by Fitchburg State Extended Campus Programs PRIOR to implementation. Advertising and promotional literature shall be developed and published by the Agency at its sole expense. This policy insures consistency with published University policies. The Agency's promotional materials shall not be published without the University's prior written approval and must be sent to the office of Extended Campus Programs at least 10 days prior to printing.

Degree Programs

Request to Implement

Prior to implementing a new degree program a completed and approved Request to Implement form is required. The form must be submitted to the university at least 60 days prior to the start date for new programs and 30 days prior for replacement programs. Plans of Study must be attached to each Request to Implement (*Appendix 12*)

All degree and certificate programs must follow the Plan of Study as printed in the current catalog. Plans of Study must be approved by the Program Chair for each student at the time of acceptance into the program.

Educator Licensure

Programs that lead to teacher licensure that are being sponsored through Fitchburg State University must work with the Academic Program Chair or Manager to monitor student progression through the appropriate gates or stages of the licensure process. A schedule will be set up and attached to the Request to Implement Form along with the Plan of Study.

District-Based Licensure

Approved Department of Education District-Based Licensure programs using Fitchburg State University courses and/or degrees will be so designated on the Request to Implement Form. A copy of the approved licensure program will be provided to the university.

Faculty & Courses

Faculty and courses in degree programs must be approved by both the Department Chair for the major and the Program Chair or Manager as well as by the appropriate Dean and Associate Dean of Extended Campus Programs. (*Appendix 10*)

Faculty Meetings

Degree programs require two annual faculty meetings with the Associate Dean of the School of Graduate, Online and Continuing Education and the Graduate Program Chair / Undergraduate Program Manager, and the Dean of Education / Dean of Graduate, Online, and Continuing Education.

Library Services

To insure library-services, students must pre-register for degree-program courses at least 10 days prior to class start dates.

Activate your library account online at <http://library.fitchburgstate.edu/facilities-services/technology-assistance>

Admissions

Students seeking degree programs must apply for admission into the program immediately. The criteria for admissions can be found at www.fitchburgstate.edu/admissions/graduate.

The Graduate Chair of each program reviews and approves the acceptance of all transfer courses. *No more than 6 credits from an accredited institution or 12 credits from Fitchburg State can be transferred into a program.* This number includes courses taken at Fitchburg State University prior to acceptance as a degree candidate. All university policies as stated in the catalog at the time of admission into the program must be followed. Students should be advised to complete the “Request for Transfer of Graduate Credit” in the application packet which facilitates the course transfer process.

Agency Degree Candidates

At the start of each semester the agency must supply Graduate Program Chairs and the Associate Dean of the School of Graduate, Online, and Continuing Education programs with lists of all degree program participants including address, phone number and email address for each student.

Academic Advising

The University assigns an advisor or site coordinator who acts as the academic advisor to degree seeking students upon acceptance into a degree or certificate program. This person is the primary contact for all advising questions. If there are problems reaching him/her, the SGOCE Advisor can assist you. General academic advising is available Monday through Friday from 8 am–5:00 pm at 978-665-3660.

13. A statement regarding the Fitchburg State University Academic Dishonest policy.
14. A statement regarding the Fitchburg State University Disability policy.

Rationale

NEASC and secondary accrediting bodies (e.g., International Assembly for collegiate Business Education, Commission of Collegiate Nursing Education, National Council for Accreditation of Teacher Education, Accreditation Board for Engineering and Technology, Council for Standards in Human Service Education), are focusing and requiring significant commitment to assessment of all aspects of university academic programming. Fitchburg State University has identified academic program planning and assessment as priorities of the Strategic Plan and has devoted resources at the academic department and administrative level to develop academic plans that include comprehensive assessment systems. Assessment of academic programs and courses at all levels cannot proceed without first identifying suitable goals, defined as broad statements of program and course purposes, as well as measurable objectives/outcomes. The guidelines will also serve as another attempt on the part of the Fitchburg State University community to improve academic quality.
