Dear Fitchburg State Student:

The Student Handbook is a source of useful information, highlights of opportunities available, and a presentation of the policies we live by at Fitchburg State University. Underlying all of that is a special Falcon spirit that I hope you will discover and come to enjoy. That special Falcon spirit encompasses:

- **A community of learners.** We focus on learning and growing as members of the campus community.

- **An achievement-orientation.** We set goals and then work hard and consistently to meet them in all facets of the university experience.

- **A blending of liberal arts education, preparation for professional life and student development opportunities.** We learn by exploring a broad range of subjects and develop academic and life long skills through our work in the classroom, involvement in organizations, participation in campus activities and activism in the community.

- **A sense of civility.** We act in a civil way toward each other in our classes, at meetings, at athletic contests, during activities and events, and in our living environment. What you bring to Fitchburg State University is important as well; your goals and aspirations, your special strengths and personality, your curiosity about the world and people around you, and your willingness to do all you can to be an active member of our community. Participating fully in the life of the university, from the classroom and library, to working on campus, student engagement and attending special events is the best way to learn how far you can go.

I’m glad you are here at Fitchburg State University, and I wish you all the best in the coming academic year.

Sincerely,

Laura A. Bayless, Ph. D.
Vice President for Student Affairs

Established in 1894 by an act of the Massachusetts Legislature, the State Normal School in Fitchburg opened in temporary quarters in the old high school building on Academy Street. Principal John G. Thompson, aided by a teaching staff of three, implemented a two-year teacher training program for women that had forty-six participants. In December 1896, the school expanded into a new building, known as Thompson Hall, and set up the State Schools of Observation and Practice in city buildings on Day Street and Highland Avenue.

In the next decade the school was a trendsetter for programs in Education. The Edgerly School opened, originally as an eighth-grade model and practice school, and then in 1910, it became one of the first junior high schools in the United States. The following year the school initiated the first practical arts teacher training course in the country for men. In 1930, the State Normal School was authorized to offer a bachelor’s degree in practical arts, and in 1932, when it became the State Teachers College at Fitchburg, four-year degrees were offered in all areas of education.

Under the auspices of the State Division of University Extension summer courses were first offered in 1915, marking the beginning of the college’s commitment to Continuing Education programs. In 1935, the college was also authorized to establish graduate programs and in 1954 the first evening courses were offered.

In 1960, the college changed its name and expanded its mission. The State College at Fitchburg diversified its programs to include degrees in disciplines other than education. In 1965, its name was officially changed to Fitchburg State College, which today offers forty-nine undergraduate degree programs in eighteen academic departments, over twenty-five Masters Degree programs, five Certificate of Advanced Graduate Study programs, and nine Graduate Certificate programs, and four Post-Baccalaureate Certificate programs. We have over 6,800 students which include 3,160 undergraduate and 3,660 graduate students. The campus has expanded from a single structure on High Street to thirty-two buildings on ninety acres, becoming the educational center for the Montachusett region. The college proudly offers traditional and nontraditional programs to serve the educational needs of its students as undergraduate, graduate, and continuing education students.

On July 28, 2010, Gov. Deval L. Patrick signed legislation establishing a State University system in Massachusetts, and the institution’s current name—Fitchburg State University—was enacted.

Institutional Discrimination Complaint Procedures

The Massachusetts State Universities have established specific internal Discrimination Complaint Procedures to help resolve claims and complaints of discrimination and sexual violence on the campus. These Procedures will serve as a system of review and resolution for both informal claims and formal complaints of discrimination, including disability discrimination and sexual violence. Any member of the university community (including students), who believes she/he has been a victim of discrimination, sexual violence, discriminatory harassment or retaliation may initiate an informal claim or formal complaint as outlined in the Discrimination Complaint Procedures.

Hard copies of the Discrimination Complaint Procedures are available in the Human Resources and Affirmative Action Office, and Office of Student Affairs. The Discrimination Complaint Procedures are also available at: fitchburgstate.edu/hr/affirmativeaction.

Employees seeking further advice or information regarding the University’s Discrimination Complaint Procedures may contact Ms. Jessica Murdoch, Vice President for Human Resources and Payroll Services, (978) 665-3172. Affirmative Action Policy

It is the policy and commitment of Fitchburg State University not to discriminate on the basis of race, color, religion, creed, age, gender, sexual orientation, gender identity, genetic information, disability, veteran status, marital status, or national origin in its educational programs, activities, admissions, or employment policies, and to comply with the requirements of Federal Executive Orders 11246 and 11375 as amended, the Civil Rights Act of 1964 as amended, Title IX of the Educational Act of 1972, section 304 of the Violence Against Women's Act, Sections 503 and 504 of the Rehabilitation Act of 1973, Section 402, Vietnam Era Veterans Readjustment Assistance Act of 1974, the Civil Rights Restoration Act of 1988, the Americans with Disabilities Act of 1990 (ADA), the Civil Rights Act of 1991, and pertinent laws, regulations, and Executive Orders, directives of the Board of Higher Education of the Commonwealth of Massachusetts, and other applicable state and federal statutes.

   Ms. Jessica Murdoch, Vice President for Human Resources and Payroll Services, (978) 665-3172; or

B. Title IX and Violence Against Women's Act (including section 304): Fitchburg State University does not discriminate on the basis of gender, in accord with Title IX of the 1972 Education Amendments, in its educational programs, admission policies, activities or employment policies. This legislation provides that no person in the United States shall, on the basis of gender, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance. This includes protection from sexual harassment and sexual violence. Inquiries regarding compliance may be directed to:

C. Section 504 of the Rehabilitation Act: Fitchburg State University does not discriminate against individuals with disabilities in its educational programs, admissions policies, activities or employment policies. Section 504 of the Rehabilitation Act of 1973, as amended, provides that no otherwise qualified individual with a disability shall be excluded from participation in, denied the benefits of or be subjected to discrimination solely because of their disability, under any program or activity that receives federal financial assistance. The Americans with Disabilities Act (ADA) of 1990 and the ADA Amendments Act of 2008 provides comprehensive civil rights protection to individuals with disabilities and prohibits discrimination on the basis of disability in employment, places of public accommodations, state and local government services and telecommunications. Amendments to the Americans with Disabilities Act (ADA) signed into law on September 25, 2008, clarify and reiterate who is covered by the law's civil rights protections. The “ADA Amendments Act of 2008” revises the definition of “disability” to more broadly encompass impairments that substantially limit a major life activity. The amended language also states that mitigating measures, including assistive devices, auxiliary aids, accommodations, medical therapies and supplies (other than eyeglasses and contact lenses) have no bearing in determining whether a disability qualifies under the law. Changes also clarify coverage of impairments that are episodic or in remission that substantially limit a major life activity when active, such as epilepsy or post traumatic stress disorder. The amendments took effect January 1, 2009.

Inquiries regarding compliance may be directed to:

Dr. Franca Barricelli, Associate Vice President for Academic Affairs

The office of Academic Affairs is responsible for the administration of all academic programs of the university. At Fitchburg State University, each curriculum, or course of study, has been conceived as a guide to help students develop the intellectual skills needed to analyze, interpret and learn from the accumulated knowledge of the past. The purpose of every curriculum is to assist students in recognizing the possibilities as well as the problems of their changing world, to instill within them a moral awareness of their responsibilities toward improving the quality of human life and to prepare them for careers, which will enrich their lives as they enrich the lives of others.

Overview of ACT Services
The Academic Coaching and Tutoring (ACT) Center helps students achieve excellence. Highly qualified and trained peer tutors offer free individual, small group, and walk-in tutoring, serving students in all majors. Professional Academic Coaches offer individualized, workshop-based, or in-class support for key student success skills, such as time management, motivation, and concentration. Peer mentors are fellow students who provide academic and social support. We promote a friendly, supportive, non-judgmental approach to success.

Our mission is to help increase your academic achievement; enhance your ability to learn, apply knowledge, develop study habits, and become more self-directed learners; and build critical thinking skills.

Individual and Group Tutoring
The ACT Center has tutoring for courses in all majors, and our Writing Center supports all stages of the writing process, including brainstorming, drafting (papers, presentations, projects, and more), revising, and interpreting faculty feedback.

Students can schedule an online or in-person tutoring appointment on SSC (fitchburg.campus.eab.com), come by 306 Hammond during drop-in hours (M–Th: 10 am–7:30 pm, F: 10 am–4 pm), or email tutorcenter@fitchburgstate.edu for help. To find an ongoing tutoring group, students can fill out a form on our website (fitchburgstate.edu/tutoring) and speak with our scheduler about finding a group that fits their schedule.

During the academic year, drop-in schedules are posted on our website (and instructions on accessing drop-in online tutoring are also on our website) fitchburgstate.edu/tutor-schedules

All our peer tutors go through a rigorous application and training process. They must demonstrate excellent communication skills, maintain a cumulative GPA of 3.0 or better, have grades of 3.3 or higher in all courses they tutor, and have two faculty members endorse their mastery of concepts and ability to connect with their peers. All tutors complete requirements for the internationally recognized College Reading and Learning Association (CRLA) International Tutor Certification.

Financial Aid

Anthony Building
(978) 665-3156
Denise Brindle, Director

fitchburgstate.edu/finaid

Eligibility

Eligibility for financial aid is determined by computing the difference between a family’s available resources for college and the total cost of attendance at Fitchburg State University. A family’s available resources are determined by an analysis of the information that is submitted by the student on the Free Application for Federal Student Aid (FAFSA). This analysis considers such factors as income, assets, household size, and number in college. The result of this analysis is an Expected Family Contribution, or EFC.

Cost of attendance is based on a student’s housing and enrollment status, and contains the following expenses: tuition, fees, room, board and estimated costs for books, supplies, transportation, personal expenses and loan fees. The difference between a student’s cost of attendance and their EFC represents a student’s financial aid eligibility.

In order to qualify for financial aid, a student must also meet the following criteria: enroll at least half-time in a degree program at Fitchburg State University, be a U.S. citizen or eligible non-citizen, not be in default on a student loan, be registered with Selective Service (if male and 18 years of age or older) and maintain satisfactory academic progress.

Changes in Eligibility

Students must continue to meet all eligibility criteria in order to qualify for financial aid. If at any time a student ceases to be eligible, their financial aid will be canceled. Changes in enrollment, housing, or residency status may affect a student’s eligibility for financial aid and should be reported to the Financial Aid Office.

Satisfactory Academic Progress

All financial aid recipients are required by federal and institutional policy to be maintaining satisfactory academic progress (SAP). Students are expected to be making measurable progress towards the completion of their degrees and to be maintaining an appropriate cumulative grade point average. SAP standards apply to all students of Fitchburg State University: full-time, part-time, undergraduate, and graduate.
Federal regulations require that SAP standards measure a student’s academic progress in both qualitative as well as quantitative terms.

Qualitatively, students must meet the following standards:
- Students with 0-29 attempted credits must maintain a minimum 1.6 cumulative grade point average.
- Students with 30-59 attempted credits must maintain a minimum 1.8 cumulative grade point average.
- Students with 60 or more attempted credits must maintain a 2.0 cumulative grade point average.

Quantitatively, undergraduate and graduate students must complete 67% of all attempted credits. Students that attempt more than 150% of the credits required for their degree are not eligible for financial aid.

Students are solely responsible for maintaining their academic standing. Students who have not done so will be notified of their ineligibility for financial aid by the Financial Aid Office. Special circumstances may be heard by the Office of Student Affairs. Students who have been denied financial aid due to unsatisfactory academic progress may regain eligibility the semester after attaining SAP.

Graduation Rates
Information regarding graduation and dropout rates can be found in the Office of Institutional Research.

Applying for Financial Aid
Financial aid is awarded from three major sources: federal, state and institutional funds. A student’s financial aid award is made up of one or several of these sources depending on the student’s calculated financial need.

Grants and scholarships are considered gift aid and do not need to be repaid. Student loans are long-term, low interest loans that come due once a student graduates, ceases to be enrolled, or drops below half-time status.

Work programs are designed to supplement a student’s financial aid package, allowing the student to earn money while attending Fitchburg State University. A work-study award cannot be used as credit toward a student’s bill. Other aid, scholarships and grants received from outside sources must be reported to the Financial Aid and Student Accounts offices. The Financial Aid Office may be required to adjust a student’s financial aid package in order to prevent or correct an over award. A financial aid package can never exceed the cost of attendance, nor can a student’s need-based aid exceed the calculated financial need.

Withdrawals
Students who withdraw from Fitchburg State University prior to the completion of the semester will have their financial aid adjusted according to federal, state and institutional policies.

Return of Title IV Funds
Refund policy for students who receive federal financial aid.

Applicability
This refund policy applies to full-time and part-time students enrolled at Fitchburg State University who are receiving federal Title IV financial aid and withdraw from all classes. This policy is mandated by federal regulation. This policy deals only with the percentage of aid that is earned by a student. Charges incurred by a student who withdraws from the university are determined in accordance with the Institutional Refund Policy.

Withdrawal Requirements
All matriculated undergraduate day students that wish to withdraw from the university must do so by contacting the Office of Student Affairs. The official date of withdrawal for this policy is the date that the student begins the official withdrawal process or the date that the student officially notifies the university of his or her intent to withdraw.

Refund Policy
Refund of federal Title IV financial aid will be based on the date a student completely withdraws from the university as described above. During the first 60% of the semester, a student earns Title IV funds in direct proportion to the length of time that they remained enrolled. A student who remains enrolled beyond the 60% point earns all aid for the semester.

The percentage of the semester that a student remains enrolled is derived by dividing the number of days that a student remains in attendance by the number of days in a semester. Calendar days are used, but breaks of at least five consecutive days are excluded from both the numerator and denominator.

Unearned federal Title IV aid other than federal work study must be repaid by the student in the following order:
- Federal unsubsidized direct loan
- Federal subsidized direct loan
- Federal Perkins Loan
- Federal Parent (PLUS) Loan
- Federal Pell Grant
- Federal SEOG
- Other Title IV financial aid

Students must repay 100% of unearned loans according to the terms of their promissory note, and 50% of unearned grants must be repaid within 30 days of withdrawal from the university.

An example of the Return of Title IV Funds Policy is available in the Financial Aid Office.

It is very possible that a student who receives federal financial aid and withdraws from the university will owe a balance to the university and may be required to repay funds to the U.S. Department of Education. Students considering withdrawal from Fitchburg State University are advised to contact the Financial Aid Office.
Housing & Residential Services
Aubuchon Hall  fitchburgstate.edu/housing
(978) 665-3219
Matthew Lechter, Executive Director

Hours
Mon.–Fri. 8 a.m. to 5 p.m

Housing & Residential Services works collaboratively with campus partners and the greater community to support the educational experience; maximizing the potential of each residential student. The department strives to create an inclusive climate by promoting diversity awareness and understanding. We deliver and facilitate programmatic services within a holistic approach, promoting engagement and personal development through on campus living. The building inventory consists of traditional, suite and apartment style housing supporting students from their first year to graduation. There are 21 buildings within 8 areas providing an on-campus living experience for more than 1,700 residents. All residence halls are conveniently located within easy walking distance of classrooms, offices and other centers of campus activity. Residents are provided support through several offices within the department including: Residence Education, Housing Operations, Business & Parking Services and Communication and Public Outreach.

Staff
The residence halls are supported through a live-in on-call staff which includes Area Coordinators, Graduate Resident Assistants, Assistant Resident Directors and Resident Assistants. Community Desk Assistants rounds out the Residence Education Team by providing support through the front desk operations at selected buildings. These staff members serve as advisors, programmers, building managers and resource/referral aides. Resident Assistants have been trained in such areas as peer counseling and referral, crisis intervention, celebration of diversity, community development, programming and current social issues. Their primary responsibility is to support the resident to be successful as a student academically and engaged with their community through positive involvement.

First Year Residential Program (FYRE)
Educational based program based in Russell Towers. Programming is centered around themes for traditional age college students.

- Resource and Personal Development Programs
- Contemporary/Emerging Topical Issues
- Servant Leadership/Giving Back

The program has ongoing support to connect residents with life and academic skills through the FYRE Class.

Residential Learning Community (RLC)
The RLCs allow for the integration of academic majors and thematic interests into the residence halls. The Resident Assistants assigned to the communities are also connected with the academic interest to support this collaborative offering. The RLCs include three major types: Affinity Housing Community, Theme Housing Community and Living & Learning Community.

The current communities are as follows:
- Academic Success
- E-Sports
- Green and Gold
- Health Professions
- Honors
- LGBTQIA+
- Nursing
- Service, Justice and Equity
- Sustainability
- Teach Today

Resident Development Model (RDM)
The RDM is the intentional process by which the Resident Assistants (RA) integrate programs into their engagement with residents. Programs can be through bulletin boards, newsletters, socials and physical programs. Awareness and education are the cornerstones that build a community that is diverse and inclusive of all.

Resident Assistants implement various small social touch points with their residents to create a space of relatability and inclusiveness. The Resident Assistants are encouraged to alter their programming to meet the needs of their residents as they emerge.

Residence Hall Association (RHA)
The Residence Hall Association provides an opportunity for residents to participate in the governance and leadership of their community. The organization is a great opportunity for individuals looking to establish and advance their skills. Involvement can range from committee participation to serving on the Executive Council. Connect with your Resident Assistant to find out more information.

Maintenance
A team of maintenance staff workers are employed by Housing and Residential Services in order to maintain the residence halls in the best possible condition within the given resources. To ensure a pleasant environment, students should treat the buildings and their room with respect.

Each building is assigned a maintainer in order to help clean the building. These individuals are highly visible as they spend the bulk of their workday in the living environment of the halls. They provide much more than cleaning services and can be a great source of support. The trades staff is responsible for all maintenance, such as repairing the heating and cooling systems, changing light bulbs and unstopping clogged drains.

Students who need to request maintenance service in their room can submit a work order online through the School Dude system which is housed on the Capital Planning and Maintenance website: fitchburgstate.edu/cpm.
In an emergency, students should contact a member of their building staff or the Office of Housing and Residential Services during weekdays. Emergencies that occur during evenings, weekends or holidays should be reported to the RA on duty or University Police at extension 3111.

**Community Safety & Wellness**

Housing & Residential Services strives to maintain a safe and welcoming environment; this success is only possible when all residents participate and fulfill their community responsibility. Programs to address community safety and wellness are held in the residence halls. In addition, fire drills and room health and safety inspections are held each semester.

**Fire Drill Procedures**

Cooperation in following the procedures listed below may be important in saving lives if a fire or similar disaster should occur. It is the responsibility of every resident to be familiar with these procedures and observe them if an alarm sounds:

- Leave lights on
- Wear a coat and shoes
- Close windows
- Close and lock room door/suite door/apartment door
- Proceed to the designated exit point
- Students not in their own rooms should follow the exit procedures for the area they are in
- Assemble outside in the place assigned to the area

Students who fail to vacate the building during a fire alarm are subject to disciplinary action.

**Fire Safety Equipment**

Fire alarm systems and fire safety equipment are provided for the protection of the residents. The fire extinguishers, smoke detectors, fire alarm horns, pull stations, and emergency exit signs are critical safety equipment. Tampering with fire safety equipment can result in criminal prosecution, disciplinary action and/or housing occupancy agreement termination. Where fire sprinklers exist all sprinkler heads must remain free of obstructions to allow it to operate properly. Nothing may be attached or placed against any part of the sprinkler system. This includes piping.

All fire alarm systems are connected directly to the Fitchburg Fire Department for immediate reporting.

Fitchburg State University residence halls may hold a fire drill each semester and all occupants of the building are required to participate. Failure to participate can result in disciplinary action.

**Keys/Card Access**

Students will be issued either keys or card access, depending upon the building to which they are assigned, for their living area upon arrival to campus during the check-in process. Keys must be returned during the check-out process upon departure. Students are responsible for the security of keys/access cards issued to them. No key/Fitchburg State OneCard may be duplicated, sold, passed on to others or used for any illegal or prohibited purpose. Students found to be violating key/card access security will be subject to disciplinary action.

Residents should immediately report the loss of an assigned key to their building director and expect to be billed for any associated cost pertinent to the replacement. The student may be issued a temporary key. For the safety and security of the student and their roommate, your lock will be changed if the student does not return the temporary key within three (3) days. Once a work request has been filed to change the key, the student will be assessed for all related charges. Residents should immediately report the loss of a OneCard to the OneCard Office (or University Police during nights/weekends/holidays) to prevent the card from being misused. There is a charge of $25 for replacement cards, and the lost card will be deactivated and no longer considered valid.

**Public Area Damages**

At the start of the year, the physical condition of the public areas (hallways, bathrooms, carpet, lounges, etc.) of each floor will be recorded by residence hall staff. Because the university recognizes the importance of the development of the community in each living unit and each resident’s responsibility for that community, any damages to the public areas for which the responsible individuals cannot be determined will be assessed equally among all members of that community. The process of community assessment is the final option should all attempts by the community to identify the responsible persons be unsuccessful.

**Alcohol in the Residence Halls**

Residents who are occupants of the space and who are of age to consume alcohol are permitted to do so within reason. To consume alcohol in your assigned space within the residence halls is a privilege, not a right, and may be removed at any time. At all times the quantity of alcohol is limited to amounts deemed appropriate for personal consumption and shall not exceed the amounts provided below. Residents are expected to establish community guidelines with roommates within assigned spaces about alcohol within the space. Residents who are occupants of the space and who are of age to consume alcohol are permitted to do so within reason.

- Liquor: 375 mL of Liquor (100 proof or less), (one pint of liquor)

Guests in your space do not increase the amount of alcohol permitted. Guests who are of age are permitted to consume. Common sources of alcohol, such as boxed wines, beer balls, beer kegs, cases and punch bowls of any amount of alcohol over the limits specified are prohibited in the residence halls. The commercial delivery of alcoholic beverages to the residence halls is prohibited.

Computer Labs
The hours and locations of open computer labs are listed on the Information Technology Website and are updated each semester. These hours are subject to minor changes due to course additions/deletions and because of individual workshops, training and special classes.

For questions regarding hardware/software support in the open labs, contact the Information Technology Help Desk.

Printing
The open computer labs require all users to swipe their OneCard at a print release station to enable printing of their documents. Six multifunction machines installed across campus exist solely for students’ use and each allow for speedy printing in color or black and white, copying in color or black and white, and scanning in color to your student Gmail account. Unlike the other printers on campus, you release print jobs directly from the Ricoh machines rather than a separate station.

Each semester you’ll be given a print/copy quota, and as you use the different services on the machines, this amount will be reduced. Once you have depleted your print/copy quota, you’ll need to add additional money onto your OneCard Fitchburg Gold account if you want additional prints/copies.

For print/copy machine refunds, please visit the OneCard Office website to submit an online refund request

Study Abroad Opportunities
Fitchburg State University students have the valuable opportunity to study in another country through three types of programs:

1. Faculty-led Programs (short-term) during Spring Break, Summer, Winter Break. This is a course offered at Fitchburg State, taught by Fitchburg State Professor with a trip embedded in the course. Students will travel with the faculty member and classmates over the break and students earn 3 or 6 credits.

2. Exchange Programs—semester program to Fitchburg State partner institutions in Germany, China, Japan, and Italy
Fitchburg State students go to partner institutions to study for a semester or a year and students from partner schools will study at Fitchburg State during spring or fall semesters. The students pay their tuition and fees to their home institutions.

3. Provider-Led Programs—study anywhere in the world that offers study abroad programs in the Fall/Spring Semester, Summer, intensive months. We partner with International Education Organization (IEO) providers like ISA/Worldstrides, ASA, API, CIS offer programs in many different countries and help with the logistics.

Through these three types of programs, Fitchburg State offers the opportunity to study in hundreds of locations throughout the world, including programs designed for specific majors. Scholarship support is available through in-house scholarships and for some programs through affiliation agreements, private philanthropic organizations, or federally-funded scholarship programs.

International Student Services
Fitchburg State is a home to more than 300 international students from 27 countries in degree programs at the undergraduate and graduate levels. The Office of International Education (OIE) advises students on immigration matters, employment questions, personal matters and issues of cultural adjustment through orientation, briefings, workshops, educational programs and individual advising. OIE supports international students from the time they inquire about Fitchburg State and helps them to get through graduation; and assists them in their student-based employment during their program and after completing their degrees. OIE is also a resource for international students on navigating their lives in a new culture.

Global Responsibility
Several campus-wide events are offered throughout the academic year to promote cross-cultural awareness on campus. Through the discussion of international topics with experts on international issues, students will learn about the challenges and responsibilities for becoming global citizens.

Dr. Laura Bayless, Vice President of Student Affairs

An active partner in the Fitchburg State University education process, the Office of Student Affairs supports a campus community dedicated to learning, cooperation and the development of personal skills, goals and ethical standards of behavior. In addition, we provide direct support to students who are experiencing challenges and barriers to student success.

Your takeaway? If you’re not sure where to stop for assistance in something that is student-related, we are the place! If we cannot directly tackle your situation, we will connect you with the right person. The Office of Student Affairs coordinates the following programs and services:

Emergency Student Loans

Students may apply for emergency student loans for non-university, unanticipated expenses. The interest-free loans are available for up to $150 and must be repaid within two months through Student Accounts. Unpaid loans may result in a registration hold. All requests are reviewed on an individual basis. Students interested in an Emergency Student Loan should contact the Student Affairs Office directly.

Students may also find themselves in need of emergency funding for amounts higher than $150. There is an Emergency Funding form available at fitchburgstate.edu/falcons-care where students can explain their situation and request assistance. Requests are forwarded to staff members from Student Affairs, Financial Aid and University Advancement who will determine if there is appropriate funding to help on a case by case basis. The Case Manager will also reach out to the student to explore possible options on campus, such as the Falcon Bazaar, and off campus agencies who may be able to provide assistance. The Falcons Care Website contains a number of resources that may be beneficial to students in need.

Case Management and Student Conduct

Case Management and Student Conduct in the Office of Student Affairs is dedicated to supporting individual students and promoting a community environment that allows all students to thrive. Our office connects students to resources on and off campus. We educate and provide information about community standards, protect students’ rights and encourage student responsibility. The office provides students educational opportunities for personal growth, community connections and values clarification. Our aim is to educate the students, faculty and staff about issues central to the mission of the institution, and to react to inappropriate behavior in a fair, responsive, educational and developmental manner. In addition, the staff provides support and direction for campus education and mediation opportunities outside of the classroom.
The Fitchburg State University conduct system is based on established expectations and standards of behavior as described in the Student Code of Conduct and other appropriate literature.

**Withdrawing from Fitchburg State University**

Students who wish to permanently withdraw from Fitchburg State University, either during a semester or between semesters, must complete a withdrawal form, which may be obtained from the Office of Student Affairs. Students who withdraw within the first eight weeks of the semester will receive a W in each course. Students who leave the university after eight weeks will receive a grade of 0.0 in all their courses.

Documented illness, injury or personal emergencies are considered extenuating circumstances that may allow students to request a late withdrawal from the university after the eighth week of classes and receive grades of W instead of 0.0. Students who requesting a late withdrawal for one of these reasons should contact the Office of Student Affairs. The decision to grant Ws will be made by the Dean of Students.

Financial aid recipients who are considering withdrawal from the university are urged to contact the Financial Aid Office. Withdrawal may result in the student owing a balance to the university and/or owing a repayment to federal or state aid programs, and may also impact the student's Satisfactory Academic Progress status. Please contact the Financial Aid office for details prior to withdrawal.

**Leave of Absence Policy**

Students enrolled in the university may request a period of separation—normally not to exceed two consecutive semesters. Students who are on an approved Leave of Absence (LOA) maintain their active status. Students on good academic standing (i.e., not on academic probation) will be able to contact their advisor directly in order to register themselves for the semester of their return. Please note: Taking a Leave of Absence does not change the status of a returning student who was not in good academic standing at the start of their Leave of Absence.

A student who has had a one semester leave approved and does not return for the approved semester will be withdrawn unless an extension is granted through the Student Affairs office. A declaration in writing to extend the Leave of Absence to two semesters is required.

A student who wishes to extend a Leave of Absence beyond two semesters must request that through the Student Affairs Office and present a valid reason for the exception to the two semester limit. Most common exceptions to the two consecutive semester limit would include military deployment, financial difficulties and medical conditions that require more than two semesters’ recovery. Appropriate documentation (medical documentation, military orders) may be required. Please note: A leave of absence does not pause federal loan repayment.

**Voluntary/Involuntary Withdrawal Policy**

This policy defines the withdrawal procedures for medical and/or mental health related concerns. The University reserves the right to initiate an involuntary withdrawal of a student from the University under limited circumstances as defined within the policy. The complete policy is located on page 54.

**Returning After Withdrawal**

Students withdrawing from Fitchburg State University in good standing without completing a baccalaureate degree may return to the university by applying online at fitburgstate.edu/readmission. Students should submit requests to the Registrar’s Office before May 1 to return for the fall semester or before November 1 to return for the spring semester. Readmission is not guaranteed. The Registrar’s Office will consider academic, financial and discipline records, in addition to space available, in granting or denying readmission. Students who are re-admitted will follow the current catalog program requirements.

**New Student and Family Orientation Programs**

Our orientation programs are designed to prepare our incoming Falcons to get off to a great start in their time at Fitchburg State. These activities will familiarize you with what to expect from your on-campus experiences, from the classroom to the campus center, whether you’re living in one of our residence halls or commuting. You will also learn about the array of support services we have created to help you achieve all of your goals at the university.

Complementing the orientation program for students is the family and student supporter orientation program geared to providing student supporters with valuable information about the University, as well as tips for easing students’ and parents’ transition to Fitchburg State University.

**Students Academic Standing**

At the end of each term, the office coordinates the listing and notification of students named to the President’s List and Dean’s List. The office also coordinates the review, listing and notification of students placed on probation, suspension or dismissal based on academic performance. Appeals regarding academic standing are addressed to the Office of Student Affairs.

**Satisfactory Academic Progress (SAP) Requests**

Each year, the financial aid office reviews credit and grade point average compliance relative to financial aid regulations that require students to maintain Satisfactory Academic Progress (SAP) in order to remain eligible for financial aid. Letters are forwarded to students who are not in compliance with current regulations. Students who are non-compliant are eligible to request a semester of SAP probation. Requests are reviewed by the Office of Student Affairs who will issue SAP contracts to any approved requests.
**Student Conduct and Case Management**

The Student Conduct and Case Management in the Office of Student Affairs educates and provides information about community standards, protects student’s rights and encourages student responsibility. The office provides students educational opportunities for personal growth, community connections and values clarification. Our aim is to educate the students, faculty and staff about issues central to the mission of the institution, and to react to inappropriate behavior in a fair, responsive, educational and developmental manner. In addition, the staff provides support and direction for campus education and mediation opportunities outside of the classroom.

The Fitchburg State University conduct system is based on established expectations and standards of behavior as described in the Student Code of Conduct and other appropriate literature.

**Immunizations Required by State Law**

The Commonwealth of Massachusetts requires institutions of higher education to collect information about each student’s immunization status. The Office of Student Affairs manages this process at Fitchburg State and can answer any questions.

**Student Accounts**

**Bill Payment**

Email notifications will be sent to the student email and the Authorized Users email when eBills are available. Fall eBills are available in early July and are due in early August. Spring eBills are available in mid-November and are due in mid-December. Awards from your completed financial aid package may be used as a credit toward your balance. Tentative awards cannot be used toward your balance. Please be sure your financial aid file is complete and you accept your award online on your Web4 in a timely manner.

We encourage students and families to make their payments online. We accept all major credit and debit cards, or ACH checking or savings account. Checks, money orders, bank checks, and traveler’s checks can be mailed to our attention. Please put the student’s school ID on the memo line. Cash is also accepted in our office. Any personal checks not honored by a student’s bank will be assessed a $30 returned check fee per occurrence. Students will be required to pay with a banker’s check, cash or credit card after they’ve had three checks returned. Funds received for educational purposes will be applied on the basis of first funds received and will be the first funds applied to the bill. Delinquent financial obligations will have a Balance Due Hold placed on their account. This will prevent the student from obtaining an official transcript or registering for classes. Accounts may be placed with a collection agency and/or State Intercept, and all additional costs associated will be assessed to the student account.

The collection company will use all contact information provided by Fitchburg State and may report delinquent accounts to a credit bureau.

**Rights and Responsibilities**

When a student registers for any class or receives any service from Fitchburg State University they are accepting full responsibility to pay all tuition, fees, and other associated costs as a result of their registration by the published or assigned due date. A late fee will be assessed to any account with a balance after the due date. Student Accounts will use all contact information provided by the student along with the student’s Fitchburg State student email as a form of communication with the student. Students are required to check their student email daily/weekly. Students should ensure that the University has their current contact information.

**Payment Plan**

In addition to the payment options listed above, Fitchburg State University is pleased to offer students and families a monthly payment plan.

- Payments are interest free
- $25.00 per semester enrollment fee
- Receive e-mail notifications if your payments are adjusted due to changes in registration or your financial aid package
- Convenient online enrollment
- Automatic installment payments available.

**Deposits and Refund Policy**

New students, both freshmen and transfers, are assessed a non-refundable $200.00 deposit. $85 of this deposit will be credited toward their first semester bill. If a student withdraws prior to the beginning of classes, a full refund, less the $85 tuition deposit, is granted. Returning students who have paid their bills prior to the opening of school and who have notified Fitchburg State University that they will not be attending any classes will be entitled to a full refund. After the commencement of semester classes, the refund policy becomes effective.

**Health Insurance Requirements**

Since September 1989, Massachusetts law (M.G.L. c.15A, § 18) requires undergraduate students registered for 9 or more credits, and graduate students registered for 4.5 or more credits in a degree program to participate in the Student Health Insurance Plan unless proof of comparable coverage is provided. All international students taking courses on campus are required to participate in the Student Health Insurance Plan unless proof of comparable coverage is provided. Students taking only online courses are exempt from this requirement.

Students are required to waive or enroll in the student health insurance each July (before the August due date). Students starting in the Spring Semester will need to waive or enroll before the December due date, and then each July moving...
forward. Failure to complete this requirement will result in a hold being placed on the student account, possible automatic enrollment in the plan, and student responsibility to pay the insurance fee. The online waiver and enrollment will be available each semester when the eBill is available.

Students must be enrolled in a degree program, have courses on campus and meet registration requirements listed above to participate in the Student Health Insurance Plan.

**Enrollment Period**
The fall and spring terms are a 15-week schedule. The 50% point is up to the seventh week of classes. The 60% point is up to the ninth week of classes.

**Institutional Refund Policy**
The following Institutional Refund Policy is a reference for all students withdrawing from the university from all state supported day classes. Information on the Refund Policy for Graduate & Continuing Education courses may be found at [fitchburgstate.edu/gce/refund](https://fitchburgstate.edu/gce/refund)

The information below reflects the percentage of charges the student will be charged for, dependant on the official effective week of withdrawal. If a student is using financial aid against their total charges, please refer to the financial aid return of Title IV refund policy.

- Withdrawal prior to the start of classes: 100%
- Before the beginning of the second week: 90%
- From the second week but before the fourth week: 50%
- From the fourth week to the seventh week: 25%

Annual Assessment
The SOC will conduct periodic assessments of each organization to assist recognized student organizations in evaluating their organizational development and activities. Through organization self-assessment, SOC assessment and recommendations for continued success, organizations will receive guidance and support for achieving organizational goals.

Each year, the SOC will identify 15 to 20 recognized student organizations for annual assessment. The organizations will prepare an assessment report and meet with the SOC for an assessment. The assessment is in no way a punitive process; however, each student organization is to make a good faith effort to comply with the process. Failure to exhibit good faith participation in the assessment process may affect the recognition status of the student organization.

If a club has standards that are above those of the university, those policies will supersede this policy. If any e-board member falls below the GPA requirements, they will be asked to step down from office. In a dispute, the final decision responsibility lies with the Office of Student Development.
Overview
The Department of Intercollegiate Athletics offers each student an opportunity to participate in intercollegiate athletic programs. Participation in these programs provides additional opportunities beyond the classroom for student learning in a wide range of situations.

Intercollegiate Sports
The 17 Falcon varsity teams have enjoyed regional and national recognition as highly competitive NCAA (National Collegiate Athletic Association) Division III teams. Fitchburg State University is a member of various intercollegiate athletic associations, which entitle successful participants to compete in post-season tournaments and championships. Student-athletes who violate Athletics Department policies may be subject to additional sanctions by the Athletics Department.

**Alcohol, Illegal Substances and Other Drug Abuse**
The Fitchburg State University Athletic Department does not condone the use of alcohol, regardless of age, or drugs by any student-athlete or game management personnel in connection with any team function, or by any prospective student-athlete or their host during a university visit or a team function. Student-athletes are required to sign the NCAA Drug Testing Consent Form prior to participation, and thereby accept the penalties that may result from violating this policy. Violations of this policy may be referred to student conduct.

**Tobacco**
NCAA regulations prohibit the use of tobacco, including smokeless tobacco, by any student-athlete, coach or game management personnel during any practice or at the site of any competition.

**Gambling**
The NCAA prohibits student-athlete involvement with gambling activities related to intercollegiate athletic teams. Violations of this policy may be referred to student conduct.

**Hazing**
Hazing is prohibited by state law and university policy. Student-athletes are required to sign the Fitchburg State University Athletic Department Student-Athlete Agreement Concerning Hazing prior to participation. As part of the agreement, the student-athlete acknowledges that they understand that disciplinary action will be taken against those individuals or teams that violate the hazing policy. Violations of this policy may be referred to student conduct.

**Sanctions**
Student-athletes who do not conform to the expectations of the Sportsmanship Code or the Athletic Department policies will be subject to disciplinary action which may include, but is not limited to, a warning, a written reprimand, suspension from the team or dismissal from the team. Violations of team rules will result in sanctions imposed by the head coach. Student-athletes may appeal those sanctions to the athletic director within one week of notification from the head coach. The athletic director will decide to uphold imposed sanctions and/or determine the need to impose additional sanctions beyond those imposed by the head coach within one week of the appeal. **Absences**

Students who will be absent for an extended amount of time due to illness, death in the family, etc., should contact the Office of Student Affairs at (978) 665-3130. Students who will be absent for brief periods of time should speak directly with their instructors. Students are strongly encouraged to reach out to their instructor and work directly with them regarding missed classes/assignments. Please note that the Office of Student Affairs cannot specifically excuse a student from class, nor from missed work.

**Advisors**

All students are assigned a faculty member advisor by the department chairperson for your major. Pre-majors are advised by the full time professional staff in the Advising Center as part of the Focus on the Future program. Students are encouraged to consult with their advisors at any time during the semester regarding any problem involving their academic program. By agreement, all faculty must be available to their students for class and other advising at least three hours a week. These office hours are posted at the department offices. In addition, students are required to meet with their advisors during the registration period because only advisors can arrange and approve course enrollment.

**Student Attendance Policy / Registrar Requests for Attendance Checks**

There is no university wide attendance policy at Fitchburg State University. Faculty may establish reasonable attendance policies for their own classes and must explain those policies in their syllabi. In the event that illness or some other emergency prevents a student from attending class, the student should contact the instructor directly. This matter is left to the individual instructor, who may or may not view irregularities in attendance as serious enough to affect the student’s grade.

Students should follow the instructor’s attendance policies on the course syllabus and whenever possible, notify instructors by email when they will be absent from class or other class-related activities. Students are encouraged to reach out to their instructors in order to determine the process for making up any missed assignments.

If there is anticipated prolonged absence, such as a medical procedure or activated military duties, the Office of Student Affairs should be contacted at 978-665-3130 or studentaffairs@fitchburgstate.edu.
Whatever an instructor's attendance policy, Institutional Research will ask the instructor for an attendance check right after the add/drop period to determine whether a student has ever attended each of his/her classes. This is used to determine that the registrar's record of class rosters is correct. You will receive an email with instructions on how to submit your attendance through SSC Navigate.

Classroom Decorum

Fitchburg State University expects students to act in a mature and responsible manner. Respect for the rights of others, openness to new and challenging ideas, civility and courtesy are examples of these expectations. They extend to the classroom as students are expected to positively contribute to the teaching and learning environment by demonstrating appropriate classroom behavior.

The Student Code of Conduct establishes that obstruction or disruption of teaching, administration, disciplinary system, the university or community or other university activities shall constitute a violation of the code of conduct (Item 2.01). Examples of inappropriate classroom behavior shall include but are not limited to: using derogatory, vulgar, or insulting language that has no academic merit to the discussion, sleeping in class, use of cellular devices, use of laptop for non-class related purposes, arriving or leaving while class is in session, and unsolicited talking in class. If a student exhibits these disruptive behaviors, the faculty member may ask the student to stop the behavior and comply with the expected behavior of the classroom or leave the classroom. A faculty member may address the issue informally with the student to ensure that appropriate standards of behavior are met or pursue formal disciplinary action through the Office of Student Conduct and Case Management.

Class Cancellations

Faculty absences are posted at the Hammond Information Desk and are available on a recorded telephone message system. Students may telephone the faculty absences/school closings recording at (978) 665-3580.

In the event of inclement weather, the cancellation of classes will be reported on the following radio stations: Boston television stations WBZ (Channel 4), WCVB (Channel 5) and WHDH (Channel 7). The campus radio station WXPL (91.3FM) broadcasts after 8 a.m. Commercial radio stations include the WEIM (AM 1280), WBZ (AM 1030). Cancellations are listed as Fitchburg State University only; any other Fitchburg listings do not pertain to the university. Students may choose to be notified of important campus announcements by signing up with Fitchburg State Alert at alert.fitchburgstate.edu.

Course Registration

At the 11th week of classes, students will receive notification via email of the registration period and instruction for registering for the following semester. Three weeks prior to registration is the university advising period. Students must meet with their advisors to review their academic progress and develop schedules for the upcoming semester. After agreeing on a selection of courses, the advisor will give the student their alternate pin, which will allow the student to register online in Web 4.

Courses taken through Graduate & Continuing Education above a full-time load of 12 credits, or during winter or summer, carry additional tuition and fees, payable at the time of registration.

Add/Drop

During the first six class days of the semester, students may drop or add courses. Add/drop is done online if the course still has seats or at the Registrar's office. This process, designed to save time and effort, holds the student responsible for any changes from the advisor-approved schedule. Students should confer with their advisors, as well as review their degree evaluation in Web 4, prior to making any changes that may affect regular progress toward graduation.

Course Load

The normal course load for each semester is 15 semester hours of credit. The minimum academic load for each semester for full time students is 12 semester hours of credit. A course load surpassing 18 semester hours is an overload and, as such, must be approved by the student's advisor and the dean associated with the student's major of study. Students with a cumulative grade point average lower than 3.0 will usually not be granted authorization for an overload.

Withdrawal from Courses

After the drop/add period but prior to the end of the 11th week of the semester, students may withdraw from courses and receive a W for a grade in each course. Course withdrawals are initiated by the student, who is solely responsible for completing the necessary paperwork. The student must obtain the appropriate form from the Registrar's Office and have it signed by their advisor. After the 11th week of classes, a grade of 0.0 is recorded. A waiver may be given for documented, critical extenuating circumstances.

Full time enrollment status requires that a student carry a load of 12 or more credits. Dropping below this level, either by dropping or withdrawing from courses, jeopardizes the student's eligibility for veteran's benefits, the Dean's List, honors, scholarships, varsity athletics, health insurance coverage and financial aid.
Withdrawing from Fitchburg State University

Students who leave Fitchburg State University, either during a semester or between semesters, must complete a withdrawal form, which may be obtained at the Office of Student Affairs located in the Sanders Administration Building, Room 204. Students who withdraw or take a leave (see below) within the first eight weeks of the semester will receive a W in each course. Students who leave the university after eight weeks will receive a grade of 0.0 in all their courses.

Documented illness, injury or personal emergencies are considered extenuating circumstances that may allow students to withdraw from the university after the eighth week of classes without penalty. Students who withdraw from the university for one of these reasons should contact the Office of Student Affairs. The decision to grant Ws will be made by the Dean of Students. Financial aid recipients who are considering withdrawal from the university are urged to contact the Financial Aid Office. Withdrawal may result in the student owing a balance to the university and/or owing a repayment to federal or state aid programs. Please contact the Financial Aid office for details prior to withdrawal.

Voluntary/Involuntary Withdrawal Policy

This policy defines the withdrawal procedures for medical and/or mental health related concerns. The University reserves the right to initiate an involuntary withdrawal of a student from the University under limited circumstances as defined within the policy. The complete policy is located on page 54.

Returning After Withdrawal

Students withdrawing from Fitchburg State University in good standing without completing a baccalaureate degree may return to the university by applying online at fitchburgstate.edu/readmission. Students should submit requests to the Registrar's Office before May 1 to return for the fall semester or before November 1 to return for the spring semester.

Readmission is not guaranteed. The Registrar’s Office will consider academic, financial and discipline records, in addition to space available, in granting or denying readmission. Students who are re-admitted will follow the current catalog program requirements.

Academic Standing

To be in good academic standing at Fitchburg State University, students must have a 2.0 or higher cumulative (cum) grade point average (GPA).

Academic Probation

Students whose cumulative GPA falls below a 2.0 will be placed on probation.

Academic Warning

Students whose cumulative GPA falls in the range of 2.0 to 2.2 will be placed on academic warning.

Students on probation and academic warning must:

- Meet with their academic advisor/s before the start of the second week of the relevant semester to review their current course load and arrange periodic meetings throughout the semester;
- Meet with an academic coach for the number of times stipulated in the probation or academic warning contract;

Students who maintain the University’s academic standards for probation must also meet the financial aid and athletic eligibility requirements for satisfactory academic progress. (Financial Aid and Athletics offices have additional academic requirements for probationary students. Students should consult the appropriate office to determine their eligibility.)

Students who voluntarily withdraw from the university while on probation will remain on probation if they are readmitted.

Suspension

Students will be suspended if:

- They have a cumulative GPA below a 2.0 for more than two successive semesters;
- And/or they do not meet the minimum cumulative GPA, as stipulated below:

<table>
<thead>
<tr>

Suspended students are not eligible to enroll in any course in any division of Fitchburg State University for at least one semester. Following suspension, students must submit a letter, before the deadline established by the Registrar, requesting readmission. Students who are readmitted after suspension do so under an academic contract. Suspension status is not changed by a voluntary withdrawal.

Dismissal

Students will be dismissed from the University if, after having been readmitted following a suspension, they do not meet probationary standards as laid out in a contract.

Dismissal status results in the student’s dismissal from all divisions of Fitchburg State University. A dismissed student may not enroll in any courses in any division of the University for a period of five years.
Grades

Final grades assigned for completed course work carry a corresponding point value. This point value, along with the credit hour value, determines a student's GPA each semester. Grades are awarded on a numerical scale as follows:

Repeating Courses and Grade Substitutions

Repeating Courses after a Failing Grade

A student may repeat a course in which the assigned grade is a 0.0 or U (Unsatisfactory). In these cases, the new grade will be substituted for the original grade in calculating the student's cumulative GPA. The original grade, however, will continue to appear on the transcript. A new passing grade earned as transfer credit also eliminates the original failing grade in calculation of the cumulative GPA, although only transfer credits, not grades, are recorded on the official transcript.

Repeating Courses after a Passing Grade or Audit

A student may repeat once any Fitchburg State University course for which a 1.0, 1.3, 1.5, 1.7 or AU is earned. Courses must be taken at Fitchburg State University and, if at all possible, should be taken within the following year.

The grade for a repeated course (except in the case of second grade option*) will be computed along with the original grade in the cumulative GPA, but no additional credits will be applied toward graduation requirements.

The repeated course will be indicated as such on the student's transcript.

*Second Grade Option

The Second Grade Option allows only the grade earned when a course is repeated to be used in the calculation of a grade point average. Only the credits earned for the repeated course will apply toward graduation.

All grades earned for a given course will remain on a student's permanent academic record, which will indicate those courses repeated under the second grade option.

To take advantage of the second grade option, students must obtain approval from their advisor and file the appropriate paperwork with the Registrar's Office prior to midterm of the semester in which the course is being repeated.

Grade Changes

Students who believe they were given an incorrect grade should contact the instructor and bring the inaccuracy to their attention. If the instructor agrees that a mistake has been made, the instructor the instructor will email the change to registrar@fitchburgstate.edu.

Student Grievance

A student who is dissatisfied with a grade received or with any other aspect of instruction in a particular course is to confer with the instructor, who will explain the reasons for awarding the grade. If such a conference fails to achieve a satisfactory resolution, the student may then appeal to the department chairperson. If the matter is still not resolved, the student may appeal in writing to the appropriate academic dean to adjudicate the situation.
Transfer Credit
Credit received for courses completed at other regionally accredited institutions of higher education may be transferred to Fitchburg State University and applied toward degrees if the courses are equivalent to courses offered by Fitchburg State University or appropriate to programs at the university and the grade received was a 1.7 (C-) or higher.

Credit for courses transferred with passing grades below 1.7 (C-) may be approved if the credits are included as part of an Articulation Agreement/Associates Degree program covered by the Commonwealth Transfer Compact. Approval of transfer credit is authorized by the Registrar's Office.

Honors
The President's List honors students for consistently high academic achievement. Students are named to the President's List when they have attained a semester GPA of 3.75 or higher for three successive semesters while maintaining full time status.

The Dean's List honors students who have attained an average of 3.2 or better for the semester while maintaining full time status. Incompletes do not count toward the Dean's List.

Major Changes
Students who want to change their majors or declare a second major should consult with the appropriate department chairperson for specific information about application for admission. Departments and programs have individual requirements and procedures, including minimum GPAs, formal application forms and designated admission dates. Access into some majors is also numerically limited. A change of major form must be completed first by the department chairperson of the student's new major and then by the department chairperson of the student's former or double major. When completed, the change of major form must be submitted to the Registrar's Office. The change of major form can be found at fitchburgstate.edu/registrar.

Transcripts
Official Transcripts are available online at parchment.com. Unofficial transcripts can be printed from Web4 student self-service.
Academic Integrity Policy

Every member of the university community is expected to maintain the highest standards of academic integrity. A student shall not submit work that is falsified or is not the result of the student's own effort. A student who is in doubt regarding standards of academic integrity in a course or assignment should consult the faculty member responsible for that course or assignment before submitting the work. A student's lack of understanding of the academic integrity policy is not a valid defense to a charge of academic dishonesty.

A student's name on any written or creative exercise (e.g., examination, report, thesis, theme, laboratory report, computer program, artistic production, etc.), or in association with an oral presentation, declares that the work is the result of that student's own thought and study. Any work that the student declares as his or her own shall be stated in the student's own words and produced without the assistance of others. Students must make clear through accurate citations when they make use of other sources. Talking during an examination, or possession or use of unauthorized materials or equipment during an examination constitutes an infringement of the academic integrity policy. Aiding and abetting academic dishonesty also constitutes a violation of the academic integrity policy.

Unless permission is received in advance from the faculty member in charge of the course involved, a student may not submit, in identical or similar form, work for one course that has been used to fulfill any academic requirement in another course at Fitchburg State University or any other institution. A student who perceives the possibility of overlapping assignments in courses should consult with the appropriate faculty members before presuming that a single effort will fulfill requirements of both courses. Students should consult course syllabi for additional guidance on matters of academic integrity.

When an alleged offense of the Academic Integrity Policy has occurred, the following process will apply:

1. If the accuser is a faculty member, and s/he decides to make a formal accusation of a violation of the academic integrity policy, the faculty member will provide the student with a letter describing the case for academic dishonesty within fourteen days of discovering the alleged infringement. This letter may be presented to the student in person or delivered to the student's home, local or campus address or mailbox, or Fitchburg State University email account. The student will either a) agree with the accusation of academic dishonesty and the sanction as imposed by the faculty member or b) disagree with the accusation of academic dishonesty. (A student cannot agree with the accusation of academic dishonesty but disagree with the sanction. Disagreement with a sanction, in other words, is not grounds for an appeal.)

2. If the accuser is not a faculty member, and s/he decides to initiate the formal process, the accuser must submit a report and/or relevant information to the Office of Student Affairs within fourteen days of discovering the alleged infringement of the academic integrity policy.

3. Once a case is forwarded by a student or as an appeal (in the form of a report, signed letter and/or other relevant information), the Office of Student Affairs, or designee, will review all relevant information and either a) dismiss the incident due to lack of merit or timeliness or b) contact the accused student to schedule a conduct board hearing or when a board is not available an administrative hearing may be scheduled.

4. If the case goes to the conduct board, the board will determine whether the student is responsible or not responsible for violating the academic integrity policy. If the student is found responsible, the board will recommend sanctions to the appropriate academic dean. These sanctions will include those identified by
the faculty member and, in the event a student has a prior disciplinary record, may also include the additional sanctions of:
  - a grade of zero on the assignment;
  - a failing grade in the course;
  - suspension from Fitchburg State University;
  - dismissal from Fitchburg State University;
  - or other sanctions.
5. In cases of undergraduate student violations of the academic integrity policy, the appropriate academic dean will either impose the sanction recommended by the conduct board or determine that the sanction is excessive or inadequate and alter it accordingly.
6. The student may make a final appeal only for a sanction of suspension or dismissal.

Note: If the student agrees with the academic dishonesty finding by the faculty member, the case will not go before the conduct board; however, if s/he has a prior disciplinary finding by the faculty member, the case will not go before the conduct board or determine that the sanction is excessive or inadequate and alter it accordingly.

Poster Policy

Only organizations recognized by the Student Government Association (SGA) can promote events. An individual cannot promote an event using a poster, flyer or promotional items on an SGA bulletin board. Example: a local concert or party at a club cannot be advertised by an interested person or employee who attends Fitchburg State University. The individual may be referred to student conduct for this offense.

The organization's name must appear on the poster, flyer, notice, table tent or handout. The advertisement will be removed if the sponsoring organization's name does not appear anywhere on the item.

No poster may contain any advertising for, reference to or theme of alcohol. For example: names of beer brands, pictures of alcohol, Booze Cruise, Get Wrecked Party, Free Drinks, 2 for 1, Open Bar, or any numerical prices for drinks, such as 0 cents suds, $1 for a drink or $4 a pitcher. These will not be approved. Mass posting in parking lots is not allowed.

Only SGA bulletin boards can be used to display posters. Administrative and departmental bulletin boards are not to be used.

All posters/flyers must be SGA approved with the official stamp and signed by a current SGA member. Those not stamped and signed will be removed. In the event of multiple flyers, one flyer must be stamped and kept on display in the SGA Office. No more than 40 flyers or notices will be approved unless requested in writing to the Public Development Committee.
All posters/flyers will be approved for a maximum of 14 days. Items must be removed by the sponsoring organization by the expiration date.

No poster larger than 3 feet by 3 feet will be approved. Larger ones will be removed.

All flyers and notices of wanted, for sale, for rent and services such as typing must also be approved by the Office of Student Development. A maximum of two copies for each posting of this type are allowed.

All flyers must be placed in specific bulletin board space. If the flyer is found outside this space for any reason or is not SGA approved, the poster will be removed and no poster for the same individual, address or phone number will be approved for the remainder of the semester. Please refer to the bulletin board locations at the end of this section.

Posters found covering other posters or in violation will be taken down. Posters in violation will be kept in the SGA Office for 24 hours. The organization in violation will then be notified of the offense. Poster privileges of the organization will be revoked until it meets with the Student Organization Committee (SOC).

After two violations in one semester, the SOC will decide on appropriate disciplinary action or may refer it to student conduct.

Unauthorized persons found taking down posters may be referred to student conduct. Authorized persons are members of the SOC, the Office of Student Development, or any official SGA member.

Any specific concerns should be submitted to the SGA in writing two weeks in advance.

Posters from outside vendors are approved in the Student Development Office.

Privacy and Confidentiality Regulations
A Family Educational Rights & Privacy Act (FERPA) administrator directs the Privacy and Confidentiality Regulations. Copies of the regulations as part of FERPA are posted on bulletin boards at the university and kept on file at the Registrar’s Office. Students should note that if any of these regulations should conflict with applicable provisions of the Family Educational Rights & Privacy Act of 1974 as amended, or with any regulations promulgated pursuant to said act, the provisions of said federal act or federal regulations shall control.

Raffle Policy
Recognized student organizations may sponsor raffles when authorized by the associate dean of Student Development and coordinated with the Financial Services Office. All raffles must be conducted in compliance with the Massachusetts General Laws Chapter 271, Section 7A.

Smoking Policy
Effective July 1, 1994, Fitchburg State University became a smoke-free environment. Smoking and vaping are not allowed inside any university building including residence halls. Smoking and vaping not permitted within 25 ft of any building entrance.

Those members of the university community who have special difficulties in complying with a smoke-free environment are urged to seek the assistance of either the Human Resources or the Health Services offices.

Solicitation Policy
Each year the university receives requests from students, community and national agencies to sell products or services on the campus. To ensure student privacy, the university adheres to the following policy: no individual solicitation of any kind will be permitted except when students wish to market a product or service which is unavailable through present campus agencies and which is needed by the campus community as determined by the Office of Student Affairs. Recognized campus organizations may, however, solicit for worthy projects. Permission for solicitation must be obtained from the Office of Student Development. All organizations or individuals not affiliated with the university who wish to distribute printed materials must work with the Office of Student Development.
Student Code of Conduct

Fitchburg State University expects its students to act in a mature and responsible manner. Respect for the rights of others, openness to new and challenging ideas, civility and courtesy are examples of this expectation. The student conduct process has been established to address alleged violations of the Code of Conduct. Allegations of discrimination, discriminatory harassment and retaliation, and sexual violence (sexual harassment, gender based harassment, domestic violence, dating violence, and stalking), are addressed through the State Universities’ Equal Opportunity, Diversity and Affirmative Action Plan, adopted March 15, 2015.

The goal of the student conduct process is to support the educational mission of the university by ensuring that an atmosphere of acceptance, curiosity and integrity is maintained on the campus.

Specific information about the Student Code of Conduct can be found in the Code of Conduct and Discipline Process Handbook.

Emergency Transports

The University will make all reasonable efforts to notify the emergency contact on file whenever a student is transported to the hospital via ambulance, except under limited circumstances. Students transported to the hospital via ambulance may be required to check back in with University Police upon their return to campus. Further, students may be required to meet with a University official and provide appropriate documentation, which may include discharge paperwork, upon their return.

Student Parking Policy

All individuals must obtain a parking permit to use university regulated parking facilities. Permit holders must adhere to all parking regulations, which are available from either the Housing and Residential Services or University Police offices. Permits are available at Housing and Residential Services.

The university is not responsible for any loss or damage to vehicles while parked in lots on the main campus or at the Civic Center.

Shuttle Bus Parking

Fitchburg State University has a limited number of parking spaces on the main campus and for this reason the university offers additional parking at the Fitchburg State University Wallace Civic Center to provide satellite parking serviced by shuttle bus transportation. This parking is available 24 hours a day, with shuttle bus service running between the hours of 6:30 a.m. to midnight Monday through Thursday, Friday 6:30 a.m. to 6:00 p.m. and 4:30 p.m. to midnight on Sundays during the school year. The shuttle service is free of charge and a civic center permit is required to park at the Civic Center lot. You can view the location of campus shuttles via our mobile website at m.fitchburgstate.edu.

Parking Permits

Students who operate a motor vehicle on the property of Fitchburg State University must obtain a parking permit in order to use university regulated parking facilities. Permits are available at the Housing and Residential Services Office from 8 a.m. to 5 p.m. Monday through Friday. The individual’s status with the university determines the type of permit assigned. To obtain a permit, present a valid Fitchburg State University OneCard at the office and pay the permit fee. Permit fees must be paid in full and are non-refundable. Permits must be properly displayed before the permit is considered valid. No vehicle may display more than one current permit. Vehicles doing so are subject to violation fines. Students may also obtain parking lot maps and parking rules and regulations at the Housing and Residential Services Office.

Snow Removal

The university has established a snow removal policy in order to facilitate the removal of snow from parking areas. When school has been canceled due to inclement weather, all motor vehicles must be removed from all staff and commuter student parking lots within one hour of the official closing of school. Resident students are responsible for checking for snow removal and lot closure information by calling (978) 665-3006 or checking their Fitchburg State student email.

Snow removal may take place over a period of days, and staying aware of parking policies during this time is the permit holder’s responsibility. Vehicles will often be required to be moved between lots or to the Civic Center parking lot to allow for plowing operations. Shuttle transportation will be provided to transport students back and forth from campus. The complete snow removal policy is outlined in the parking rules and regulations guide. All vehicles found to be impeding snow removal operations will be ticketed, towed and stored at the owner’s expense.

Excessive Violations

Students who have five or more unresolved violations regardless of the age of the violation will have a hold placed on their Fitchburg State University records, which can prevent such functions as registration, issuance of transcripts and financial transactions. Students who have 10 or more parking violations, resolved or unresolved within an academic year, may be towed and/or referred to Student Conduct for disciplinary action, which could include the loss of parking privileges.

Use of the Quad

The Quad is a public area of campus to be used casually by members of the university community in a safe manner. The Quad area should be used for study, leisure and relaxation, and not as an athletic/recreation venue for non-university sponsored events. The exception to this policy is an organized, sponsored activity that is coordinated through the Office of Student Development.
**Weapons Policy**

Weapons and weapon replicas are prohibited on campus. The possession or concealment of any type of firearm or other dangerous weapon, including but not limited to replica weapons, other devices capable of launching projectiles, stiletto, dagger or dirk knife, any knife having a double-edged blade or a switchblade, or any knife having an automatic spring release device by which blade is release from the handle, having a blade of over two and one-half inches, or a sling shot, knuckles, black jack, metallic buckles or any item which could be used as a weapon is strictly prohibited on Fitchburg State premises or off campus where Fitchburg State jurisdiction applies.

In addition, no paintball guns are allowed on Fitchburg State property including the residence halls.

The use or storage of fireworks or other explosives and hazardous chemicals except under controlled circumstances in a supervised classroom or laboratory setting is strictly prohibited.

Violators of this policy will be subject to immediate legal and/or Fitchburg State disciplinary action, including immediate removal from campus.

**Defensive Sprays**

Fitchburg State University requires that all students, employees, and visitors to register defensive sprays (including pepper spray or chemical mace) with University Police. Defensive sprays must be maintained in the possession of the registrant or secured in such a manner that it not accessible by or usable by other persons. No defensive spray container may exceed two and one-half ounces in size or be labeled "for law enforcement use only." Unlawful possession or any misuse of a defensive spray may be grounds for criminal prosecution and referral for disciplinary action.

**A Note on Hoverboards**

Recent information has revealed that the batteries in the devices are dangerous and prone to explosion, creating a safety and fire risk. The matter is currently under investigation by the U.S. Consumer Product Safety Commission (CPSC). Until a time that the safety standards of these devices are improved, the University has prohibited them from being in any of our campus managed housing facilities. Effective immediately, the use, possession, or storage of Hoverboards, Swagways, IO Hawks, Skywalkers, and similar devices, is prohibited on campus until safety standards for them can be developed and implemented, and the prohibition lifted.

**Policy Regarding Voluntary, University-Initiated, and Emergency Interim Medical/Mental Health Withdrawals for Students**

**Purpose and Intent**

Fitchburg State University works to provide a safe and healthy living and learning environment, in which all qualified students are able to participate in the University’s programs and activities, while successfully pursuing their academic, personal, and social goals.

The University recognizes that students may experience medical or mental health issues that may limit their ability to function safely or successfully as students. To this end, the University offers a variety of medical, mental health, academic support, and other administrative resources to assist and support students in such situations, and offers reasonable accommodations, when requested, to allow students with documented disabilities to gain equal access to University programs and activities.

This document defines processes to provide a compassionate and effective institutional response in assisting students experiencing a serious medical or mental health difficulty to withdraw from the university. Should a student’s medical or mental health difficulties significantly and adversely impact their capacity to fulfill their educational requirements, or compromise their ability to function safely and appropriately on the campus, they may receive a Medical/Mental Health Withdrawal for the current semester.

A Medical/Mental Health Withdrawal may carry certain advantages to a student who is so impacted: timelines may be more flexible than in a standard Withdrawal, there may be allowances made in terms of registration and financial aid, and there may be refunds of tuition or housing charges, as determined by appropriate University policy and officials.

Most commonly, in circumstances discussed above, a Voluntary Medical/Mental Health Withdrawal request is initiated by an impacted student, or their immediate family or legal guardian (if circumstances warrant). There may be certain cases, however, where the University considers the appropriateness of a University-Initiated Medical/Mental Health Withdrawal, or an Emergency Interim Medical/Mental Health Withdrawal, according to the standards and procedures described in this policy.

It is important to note that student behavior that is in violation of the University’s Code of Conduct remains subject to the Student Conduct process, regardless of whether such conduct violation results from or is exacerbated by a medical or mental health condition. Actions taken by the University, pursuant to this policy, do not affect a student’s obligation to comply with other University policies or, where applicable, sanctions to which the student may be subject as a result of specific policy violation(s).
This policy has been designed to ensure that students at the University are given individualized attention, support, and consideration in addressing medical or mental health issues that may arise or escalate during their time on campus. The University will apply this policy to all students in a nondiscriminatory manner, using a flexible and individualized process designed to maximize student success and safety. Decision-makers at the University, acting with regards to this policy, will do so with appropriate considerations of objective evidence of student behavior, and reasonable judgments based on professional assessments and current medical knowledge, and not with the knowledge or belief that a student may be an individual with a disability.

**Voluntary Medical/Mental Health Withdrawal**

As noted above, in most cases, a Medical/Mental Health Withdrawal occurs as a result of a student’s initiative. In such cases, a student petitions the Office of Student Affairs for a withdrawal from the University. In special circumstances, the petition can be discussed and initiated by a parent or legal guardian. Appropriate supporting documentation or recommendation(s) to support the request are submitted and commonly include an opinion provided by a qualified medical or mental health professional. The opinion should speak to the nature of the medical or mental health impairment, the academic or other limitations imposed and the appropriateness of the withdrawal from the university. The Dean of Students (or designee) reviews the student petition with supporting documentation and, based on an individualized review of the facts and circumstances available, makes a determination as to the appropriateness of a withdrawal, notifying the student, in writing, of such decision. The Director may also note specific conditions, if any, that may be required in order to return to study at the University, based on the nature and individual circumstances associated with the withdrawal. All materials and information are kept private and confidential within University regulations and applicable legislation or regulations.

A student who is granted the petition to withdraw from a currently-attended semester based on medical or mental health reasons will:

- Receive grades of “W” on their transcript for all coursework in progress for the term of withdrawal.
- Be able to apply for re-admission to the University when the medical or mental health difficulties have been resolved or mitigated and are no longer an impediment to successful study.
- Based on the timing of the petition during the term and consistent with the policies outlined in the University Catalog and/or University Housing Agreement, be assessed tuition, fees and other costs according to the established policies.
- Be able to appeal for an adjustment in assessed costs based on their supporting documentation. The written appeal and supporting documentation are forwarded to the Tuition Appeals Committee for review and determination.

Students retain the right to appeal the decision(s) of the Director by submitting a written appeal to the Vice President for Academic Affairs in a timely manner.

**University-Initiated Medical/Mental Health Withdrawal**

The University may initiate a Medical/Mental Health Withdrawal when it has sufficient information pertaining to a student who is unable to safely participate in the University’s programs and activities, or who presents a high probability of substantial harm to their own, or others’, health and safety.

A University-Initiated Medical/Mental Health Withdrawal is intended to be undertaken in limited circumstances, and in accordance with the procedures set forth in this policy. Such a withdrawal should, in general, only be initiated when:

- Reasonable efforts to obtain a student’s cooperation with a Voluntary Medical/Mental Health Withdrawal have been attempted (if feasible), and,
- Other available interim measures have been deemed inappropriate, insufficient, or unsuccessful, and
- When viewed as a non-disciplinary action.

Circumstances that may prompt consideration of a University-Initiated Medical/Mental Health Withdrawal include, but are not limited to:

- A serious risk of physical harm to the student as manifested by evidence of suicidal or para-suicidal behavior, and/or
- A serious risk of physical harm to other members of the campus community including, but not limited to, evidence of threatening, assaultive, homicidal or other violent behavior, and/or
- A serious risk of becoming physically impaired or injured resulting from significantly impaired judgment that would severely limit or preclude the student’s ability to live independently or provide for their own welfare in the campus community, and/or
- Significantly obstructing or disrupting the ability of other members of the campus community to participate in the teaching, educational, residential, and administrative or other activities and opportunities offered by the University.
- It can be reasonably determined that a student is highly unlikely to be academically successful as a function of their current health or mental health status.

For consideration of a University-Initiated Medical/Mental Health Withdrawal, the Vice President for Student Affairs (or designee) will typically convene a committee, to include one or more representatives from Counseling Services, Campus Police, and/or other University officials with relevant knowledge and/or expertise who may have insight into the student’s medical status, conduct, or behavior of concern. The Committee will conduct an individualized assessment of the student’s present ability to safely participate in its programs and activities based on objective evidence and documentation.
If the Committee determines that a student is unable to safely participate in the University's programs and activities, and/or presents a high probability of substantial harm to their own or others' health or safety, it will submit a recommendation for a University-Initiated Medical/Mental Health Withdrawal to the Vice President for Student Affairs. The Vice President for Student Affairs will be responsible for a decision to grant such withdrawal, and will notify a student, in writing, if such withdrawal is to occur.

A student who is subject to a University-Initiated Medical/Mental Health Withdrawal from a currently-attended semester will:

- Receive grades of "W" on their transcript for all coursework in progress for the term of withdrawal.
- Be able to apply for re-admission to the University when the medical or mental health difficulties have been resolved or mitigated and are no longer an impediment.
- Be able to appeal for an adjustment in assessed costs based on their supporting documentation. The written appeal and supporting documentation is forwarded to the Dean for Enrollment Management for review and determination.
- Be able to appeal for re-admission to the University by submitting a written appeal to the Vice President for Student Affairs. The Vice President for Student Affairs (or designee) may implement an Emergency Interim Medical/Mental Health Withdrawal based on objective evidence and documentation pertaining to specific safety risks. Circumstances permitting, an individualized assessment and consideration of evidence will be undertaken by the Vice President or (designee), in consultation with one or more representatives from Counseling Services, Campus Police, and/or other University officials with relevant knowledge and/or expertise who may have insight into the student's medical status, conduct, or behavior of concern.

The duration of an Emergency Interim Medical/Mental Health Withdrawal will be limited to the period necessary to further assess and address a student's risk of substantial harm to their own or others' health or safety. A student who is subject to an Emergency Interim Medical/Mental Health Withdrawal will be prohibited from attending classes or living in University housing, and may be trespassed from campus or other University facilities and/or prohibited from participating in University activities if warranted, given the circumstances.

A student placed on Emergency Interim Medical/Mental Health Withdrawal will be notified in writing by the Vice President for Student Affairs (or designee) as soon as possible. The student will also be notified of any specific conditions that are required in order to return to the University, based on the nature and individual circumstances of the Emergency Interim Medical/Mental Health Withdrawal.

Students retain the right to appeal the decision(s) of the Vice President by submitting a written appeal to the Vice President for Academic Affairs in a timely manner.

The process identified above, for an Emergency Interim Medical/Mental Health Withdrawal, is intended to address emergency situations on an interim basis. Where appropriate, and in accordance with the terms of this policy, an Emergency Interim Medical/Mental Health Withdrawal may be converted to a Voluntary Medical/Mental Health Withdrawal, or University-Initiated Medical/Mental Health Withdrawal.

**Emergency Interim Medical/Mental Health Withdrawal**

The University may initiate an Emergency Interim Medical Withdrawal when it reasonably determines that a student presents an imminent risk of substantial harm to their own or others' health or safety.

An Emergency Interim Medical/Mental Health Withdrawal is intended to be undertaken in limited circumstances, and in accordance with the procedures set forth in this policy. Such a withdrawal should, in general, only be initiated when:

- Reasonable efforts to obtain a student's cooperation with a Voluntary Medical/Mental Health Withdrawal have been attempted (if feasible), and,
- Other available interim measures have been deemed inappropriate, insufficient, or unsuccessful, and
- When viewed as a non-disciplinary action.

The Vice President for Student Affairs (or designee) may implement an Emergency Interim Medical/Mental Health Withdrawal based on objective evidence and documentation pertaining to specific safety risks. Circumstances permitting, an individualized assessment and consideration of evidence will be undertaken by the Vice President or (designee), in consultation with one or more representatives from Counseling Services, Campus Police, and/or other University officials with relevant knowledge and/or expertise who may have insight into the student's medical status, conduct, or behavior of concern.

The duration of an Emergency Interim Medical/Mental Health Withdrawal will be limited to the period necessary to further assess and address a student's risk of substantial harm to their own or others' health or safety. A student who is subject to an Emergency Interim Medical/Mental Health Withdrawal will be prohibited from attending classes or living in University housing, and may be trespassed from campus or other University facilities and/or prohibited from participating in University activities if warranted, given the circumstances.

A student placed on Emergency Interim Medical/Mental Health Withdrawal will be notified in writing by the Vice President for Student Affairs (or designee) as soon as possible. The student will also be notified of any specific conditions that are required in order to return to the University, based on the nature and individual circumstances of the Emergency Interim Medical/Mental Health Withdrawal.

Students retain the right to appeal the decision(s) of the Vice President by submitting a written appeal to the Vice President for Academic Affairs in a timely manner.

The process identified above, for an Emergency Interim Medical/Mental Health Withdrawal, is intended to address emergency situations on an interim basis. Where appropriate, and in accordance with the terms of this policy, an Emergency Interim Medical/Mental Health Withdrawal may be converted to a Voluntary Medical/Mental Health Withdrawal, or University-Initiated Medical/Mental Health Withdrawal.

**Return from Voluntary, University-Initiated, or Emergency Interim Medical/Mental Health Withdrawal**

The intended goal for any Medical/Mental Health Withdrawal is to ensure that students return to the University with an enhanced opportunity to achieve academic and personal success. Students are encouraged to take the time, and engage in the activities, necessary to achieve this goal. Students may wish to check-in, periodically, with the Vice President for Student Affairs (or designee) regarding their progress during a withdrawal, as indefinite leaves from the University are not permitted.

The student may formally request to be re-admitted to the university at a future date by applying for readmission through the Office of the Registrar following the identified timelines and procedure. As for all students, when a student withdraws for medical or mental health reasons, voluntarily or otherwise, the withdrawal remains in effect until such time as formal readmission application is made. Additionally, the student may be required to present information and evidence that the difficulties that prompted the withdrawal have been resolved or mitigated and no longer present a threat or interfere with successful fulfillment of educational requirements. The Vice President for Student Affairs (or designee), in considering readmission to the University, may
request additional documentation from appropriate medical or mental health professionals regarding the student’s readiness to return to active study and, if appropriate, living at the University. All materials and information are kept private and confidential within university regulations and applicable legislation or regulations. As appropriate, the Vice President may provide the student with written conditions to be met for continued attendance at the university. They may include, but are not restricted to, conforming to and allowing substantiation of follow-up prescribed by an outside medical or mental health provider, contact with appropriate offices on campus, and demonstration of successful academic performance.

The Vice President for Student Affairs (or designee) may request from a student seeking readmission a brief written statement, describing:

- The student’s current understanding of the factors that prompted the withdrawal, and any insights the student has gained from treatment and time away;

- How the student plans to ensure a successful return to the University and to sustain their academic performance and personal well-being.

Students with documented disabilities are eligible for reasonable accommodations at the University. Students remain responsible for communicating any requests for accommodation to the Disability Services Office.

A student will be approved for return to the University, by the Vice President for Student Affairs (or designee), when documentation demonstrates that the student is ready to safely resume studies and be a successful and appropriate member of the campus community. If approved, the student will be notified in writing and informed of any applicable academic, housing, administrative, or other requirements for return.

Should a student not be approved for return from a Medical/Mental Health Withdrawal, the student will be notified in writing along with recommendations that will enhance the likelihood that a future request to return will be granted.

Students retain the right to appeal the decision(s) of the Vice President by submitting a written appeal to the Vice President for Academic Affairs in a timely manner.

**Institutional Use of Student Images**

In conjunction with enrollment at Fitchburg State University, Fitchburg State University is given permission to use the names and/or images of students taken during public events on campus grounds and buildings for public relations and marketing purposes in any media, including without limitation, print publications and digital platforms such as the university website and social media channels without notifying and compensating the student. Students who do not want to grant this permission may contact Director of Communications and Public Affairs Matthew Bruun at mbruun@fitchburgstate.edu.
**Introduction**

Only in an environment free of substance abuse can the university fulfill its mission of developing the professional, social, cultural and intellectual potential of each member of its community. The use of illegal substances and abuse of legal substances and alcohol impairs the safety and health of students and employees, inhibits personal and academic growth and undermines the public’s confidence in the university. For these reasons, it is the policy of Fitchburg State University that all university activities and university property shall be free of the unlawful use or abuse of drugs and alcohol.

**Drug-Free Schools and Communities Act**

**Amendments of 1989 Public Law 101-226**

Fitchburg State University, in accordance with both federal legislation and existing university policy, is committed to providing a drug free, healthful, and safe environment for all faculty, staff and students. The unlawful manufacture, distribution, dispensation, possession or use of a controlled substance, and the unauthorized possession or use alcoholic beverages on campus or as part of any university activity or business off university premises is prohibited. If it is determined that a violation of this policy has occurred, disciplinary action up to and including, dismissal (expulsion) of students, and referral for prosecution may result as deemed appropriate. Applicable legal sanctions for the unlawful possession or distribution of drugs and alcohol are summarized in the following section.

This information appears here to meet the requirements of the Drug Free Schools and Communities Act. In addition to this policy, other university policies remain in place. These policies are outlined in detail in this section of the handbook.

**General Provisions**

The students and employees of Fitchburg State University shall not unlawfully manufacture, distribute, dispense, possess or use controlled substances, drug paraphernalia or alcohol. Any individual who violates this prohibition will be subject to disciplinary action. Sanctions may include dismissal (expulsion) or termination of employment from the university, mandatory participation in an alcohol/drug abuse assistance or rehabilitation program, as well as referral of the matter to law enforcement agencies for prosecution.

Students and employees are required to notify the university’s director of human resources (or designee), and, in the case of students, the director of financial aid (or designee), within five days of being convicted of violating a criminal drug statute in the workplace.

**University Alcohol Policy**

Fitchburg State University is a community dedicated to the academic, professional and personal development of its members and is committed to educational and social programs that promote such development. Personal and communal responsibility with regard to the university’s alcohol policy is essential in ensuring that Fitchburg State’s environment is conducive to student learning and development. This alcohol policy assumes that any student who consumes alcohol accepts responsibility for their conduct. Being intoxicated will not be accepted as an excuse for conduct that violates the Code of Conduct. Any student found to allegedly violate this alcohol policy will be subject to disciplinary action.

**General Provisions**

Fitchburg State University enforces all state laws and city ordinances regarding the possession, use and sale of alcoholic beverages, including those prohibiting drinking by individuals under 21 years of age. The law also forbids falsifying age and identification cards. University policy restricts when, where and how alcohol may be served on campus or at university-sponsored activities or events and the amount of alcohol that a resident student or guest may bring into the residence halls.

Use or possession of alcohol beverages in public areas (campus grounds, athletic events, parking lots, academic buildings, dining hall, campus center) is prohibited, except where a license to serve alcoholic beverages has been obtained. In such cases alcohol is only permitted within the confines of the license and at the discretion of the permittee.
Open containers of any alcoholic beverage (any beverage where the seal is broken) is prohibited, except when permitted by law.

Public intoxication while on university property or at university sponsored activities or events are prohibited.

Hard liquor is prohibited on the Fitchburg State University campus. Hard liquor includes rum, vodka, gin, whiskey, and other similar liquors as well as mixed drink coolers.

Drinking funnels are prohibited on university property or at university sponsored activities or events. Any activities that promote and/or encourage drinking such as drinking games are prohibited.

**Prevention & Awareness Programs**

Abuse prevention programs are coordinated through several campus departments. The programs provide training and direct services to the university community and offer preventative educational and outreach activities.

Students who are concerned about issues related to substance use are encouraged to meet, confidentially, with Counseling Services staff. The Counseling Services Office will not, however, accommodate requests for court-ordered (mandatory) substance abuse counseling.

The Human Resources and Counseling Services Offices have established working relationships with area hospitals, community mental health centers and other social service agencies to facilitate referrals when treatment is needed.

**Off Campus Functions**

If a function is held off-campus, the contracted server must agree in writing that it agrees to assume all responsibility for serving alcoholic beverages. It is up to the sponsoring organization whether they will provide transportation to the function. The sponsoring organization will make every effort to reduce liability to the institution and ensure a safe and orderly function. Additionally, if sponsored by a student organization, the event must be registered and approved through applicable processes.

Alcoholic beverages may not be served in common sources, such as kegs, beer balls, boxed wines, punch bowls, pitchers, carafes, cases, tubs, etc.

**Alcohol in the Residence Halls**

Residents who are occupants of the space and who are of age to consume alcohol are permitted to do so within reason. To consume alcohol in your assigned space within the residence halls is a privilege, not a right, and may be removed at any time. At all times the quantity of alcohol is limited to amounts deemed appropriate for personal consumption and shall not exceed the amounts provided below. Residents are expected to establish community guidelines with roommates within assigned spaces about alcohol within the space.

Residents are permitted multiple types of alcohol as long as it does not exceed the occupant count for residents who meet the alcohol consumption of age. Limits apply to full, partially full or empty containers:

- Beer/Seltzer/Malt Beverages: One pack (limit 72 oz)
- Wine: 750 mL bottle (limit 2 bottles)
- Liquor: 375 mL of Liquor (100 proof or less), (one pint of liquor)

Guests in your space do not increase the amount of alcohol permitted. Guests who are of age are permitted to consume.

Common sources of alcohol, such as boxed wines, beer balls, beer kegs, cases and punch bowls of any amount of alcohol over the limits specified are prohibited in the residence halls.

The commercial delivery of alcoholic beverages to the residence halls is prohibited.

**On-Campus Functions**

Recognized student organizations must register all on and off campus events through applicable processes. Failure to register an event where alcohol is served is additionally considered a violation of this alcohol policy. Recognized student organizations in good standing are permitted to have alcoholic beverages at on and off campus functions when authorized through applicable processes.

The Falcon Hub holds a license through the city of Fitchburg to serve beer and wine to individuals age 21 or older upon presentation of proper identification. For events in locations other than the pub, beer and wine service must be provided by Chartwells, which holds a separate liquor license. Service of alcoholic beverages at on-campus functions is done so at the discretion and approval of the person whose name the liquor license is held in. The permitee and sponsoring organization will make every effort to reduce liability to the institution and ensure a safe and orderly function. The permitee shall be responsible for establishing applicable policies and procedures regarding the approval, sale, and service of alcoholic beverages on campus. University administration reserves the right to cancel the service of alcohol on campus for any reason.

Safeguards must be taken to ensure an orderly function, to protect the rights of other members of the community against undue interference, noise and other disturbances. The hiring of a university police officer for an event where alcohol is served is at the discretion of the permitee. If the permitee decides that a university police officer should be present during an event, the cost to hire the officer must be borne by the sponsoring organization.

To prevent underage drinking at events where students age 21 and younger are present, the serving of alcoholic beverages will be limited to one drink per person age 21 or older.
University funds and/or student fees may not be used to purchase alcoholic beverages for student use (with the exception of stock). Recognized student organizations may not offer alcoholic beverages free of charge to any event participant. Alcoholic beverages may not be provided as awards. Participants may not bring their own alcoholic beverages to any event.

When alcoholic beverages are served, food and nonalcoholic beverages (other than water) must be made available. The cost of these refreshments must not be prohibitive. Alcoholic beverages may not continue to be served if nonalcoholic beverages run out.

When alcoholic beverages are served, the function must be supportive of best practices regarding service and alcohol education programs that encourage responsible decisions about the use or non-use of alcoholic beverages.

**Advertising Guidelines**

All posters, banners, and other advertising materials must be approved by SGA prior to being distributed on campus. All advertising must conform to applicable policies.

Advertising promoting alcoholic beverages must not encourage any form of alcohol abuse or place any emphasis on quantity and frequency of use. The consumption of alcoholic beverages must not be portrayed as the focus of any function.

Advertising of alcoholic beverages on campus may not portray drinking as a solution to personal or academic problems, or as necessary for social, sexual or academic success.

Advertising of alcoholic beverages and other promotional beverages may not associate alcoholic beverage consumption with the performance of tasks that require skilled reactions such as driving or playing sports.

**Federal and State Drug Laws**

The following is a summary of legal sanctions for the unlawful possession or distribution of illicit drugs and alcohol provided in compliance with the drug free schools and communities act.

Local, state and federal laws make illegal uses of drugs and alcohol serious crimes. Conviction can lead to assigned community service, fines and/or imprisonment. A felony conviction for such an offense can prevent an individual from entering many fields of employment and licensed professions. Cities and towns in Massachusetts, specifically Fitchburg, prohibit public consumption of alcohol and impose fines for violation. The Metropolitan District Commission and the State Division of Forest and Parks also prohibit public consumption of alcohol in parks.

Massachusetts’s laws prohibit sale or delivery of alcoholic beverages to persons under 21 with a fine of up to $2,000 and six months imprisonment, or both for violations. Misrepresenting one's age or falsifying identification to obtain alcoholic beverages is punishable by a fine of $300. A first conviction of driving under the influence of alcohol has a penalty of a $1,000 fine, one year revocation of driver's license, up to two years in prison, and mandatory participation in an alcohol rehabilitation program.

Massachusetts has criminal penalties for the illicit use of controlled substances (or drugs), with penalties varying with the type of drug. In general, narcotics, addictive drugs, and drugs with a high potential for abuse have heavier penalties.

A law enacted in Massachusetts in August 1990 imposes a mandatory minimum of five years imprisonment for causing, inducing or abetting a person under 18 years old to distribute, disperse or possess with intent to distribute controlled substances, or to deliver or possess money in conjunction with such controlled substances.

Possession of drugs is illegal without a valid authorization (E.g. a prescription). While penalties for possession are generally not as great as for manufacture and distribution of drugs, possession of a relatively large quantity may be considered distribution. Under both state and federal laws, penalties for possession, manufacture and distribution are much greater for second and subsequent convictions. Many laws dictate mandatory prison terms and the full minimum must be served.

It is illegal in the Commonwealth of Massachusetts to be in a place where heroin is kept and to be in the company of a person known to possess heroin. Anyone in the presence of heroin at a private party risks serious drug conviction. Sale and possession of drug paraphernalia is illegal in Massachusetts.

Persons convicted of drug possession under state or federal law may be ineligible for federal student grants and loans for up to one year after the first conviction five years after the second. The penalty for distributing drugs is loss of benefits for five years after the first, 10 years after the second and permanently after the third conviction.

Under federal law, distribution of drugs to persons under age 21 is punishable by twice the normal penalty with a mandatory one year in prison, and a third conviction punishable by mandatory life imprisonment. These penalties apply to distribution of drugs within 1,000 feet of a university or school. Federal law sets greatly heightened prison sentences for the manufacture and distribution of drugs if death or serious injury results from the use of the substance.
Drugs and Other Substances

The unlawful manufacture, distribution, dispensation, sale, possession or use of illegal substances or of drugs (e.g. narcotics, stimulants, depressants, hallucinogens) for which a required prescription has not been obtained is prohibited. The misuse or abuse of any prescription medication or over the counter drug is prohibited. It is also a violation of policy to be under the influence of and/or in the presence of illegal and/or the misused prescription medications.

Marijuana is prohibited by Federal Law. In compliance with the DFSCA, marijuana is prohibited on-campus. The manufacture, distribution, dispensation, sale, possession or use of marijuana on campus is prohibited. It is also a violation of policy to be under the influence of and/or in the presence of marijuana. No accommodations will be made for any student in possession of a medical marijuana registration card.

Disciplinary Process

The Office of Student Conduct, under the direction of the Office of Student Affairs, oversees the student conduct process and handles incidents involving students and complaints against students on a case-by-case basis.

The procedures and sanctions for violations of the Code of Conduct are outlined in the Code of Conduct and Disciplinary Process Handbook. Sanctions may include anything from a warning up to and including dismissal from the university. Typically, the severity of sanctions will be increased based upon the number of offenses or based upon the severity of the incident. Questions regarding sanction should be directed to the Office of Student Affairs.

Parental Notification

As recommended by the Massachusetts Board of Higher Education and permitted by the Family Educational Rights and Privacy Act (FERPA), Fitchburg State University may notify parents/guardians when Fitchburg State students under the age of 21 have been found responsible through the disciplinary process for violating the university’s alcohol, drug, and good neighbor policies.

AlcoholEDU for College

Because Fitchburg State cares about your health and safety, Fitchburg State University is one of hundreds of institutions nationwide taking a new approach to alcohol prevention.

The University will be requiring every member of the first-year class to complete AlcoholEDU for College—a science-based course taken by tens of thousands of students each year. This course aims to educate students about alcohol and its effects on the mind and body. More information about this course will be posted on the Fitchburg State University Website and communicated via email.

Whether or not they drink, AlcoholEDU for College empowers students to make well-informed decisions and better cope with the drinking behavior of peers. More information about this program can be obtained by contacting the Office of Student Affairs.

Guidelines for Substance Abuse Counseling/Treatment

Students are encouraged to reflect very seriously upon their own attitudes and actions with regard to alcohol abuse and to seek out information and counseling assistance through the Fitchburg State University Counseling Services, Health Services, the Office of Student Affairs, or other appropriate personnel. All currently enrolled students are eligible to receive counseling through the Office of Counseling Services. Please note, Counseling Services is not able to accommodate court-ordered (required) drug and alcohol counseling. To make an appointment to see a clinician, please call (978) 665-3152. ### Health Risks of Substance Abuse

The use of alcohol and other drugs, even infrequently, may seriously damage one’s health. The University’s health service or an individual’s health care provider can provide more extensive information on the effects of specific substances on an individual’s health. Risks include, but are not limited to the following:

- Excessive use of alcohol is associated with liver damage, hypertension, brain damage and a weakened immune system.
- Cocaine or crack use may be fatal, depending upon the cardiovascular response of the user. This drug is highly addictive and withdrawal results in severe depression.
- Tranquilizers and sedatives are also highly addictive, even in low doses. Use of these drugs in conjunction with alcohol is extremely dangerous and may result in the user becoming comatose.
- The intravenous use of drugs carries the additional risk of infection due to shared needles. HIV and hepatitis are transmitted in this way.
- Marijuana has properties of both depressants and stimulants and is considered a psychoactive drug. Marijuana contains more tar than tobacco and causes lung and bronchial disease, a chronic dry cough and respiratory irritation. Continued marijuana use has also been connected with memory loss and a motivational syndrome.
- Tobacco smoke contains carbon monoxide and may cause cancer and bronchial disease, a chronic cough and respiratory irritation. Smoking by pregnant women may result in fetal injury, premature birth and low birth weight. Chewing of tobacco may cause cancer.
