- **AUC #79**: Add Math 3350 Multivariate Calculus as a prerequisite/concurrent course for Math 4250 Probability and Statistics II.

Additional Proposals

---

**Academic Calendar – AUC #1**

Academic Calendars for 2019-2020 and 2020-2021 were approved with amendments.

**Correction of the New Suspension Policy – AUC #6**

Corrects an error in AUC #105 from the AY 17-18. In the section titled "suspension", the proposal incorrectly stated that the number of "attempted credits" would determine separation from the University. Instead, this should have read "GPA credits," which is the correct policy. Therefore changed the word from "attempted" to "GPA".
Revision to the Liberal Arts and Sciences Curriculum – AUC #60

The curriculum will take effect for all entering students starting fall 2021. Through this LA&S Curriculum, students will be critical and creative thinkers who integrate and communicate their learning from a variety of disciplines and experiences in ways that enhance their civic, personal and professional lives. The curriculum is progressively designed in three parts, with a foundational beginning, breadth of learning in the middle, and an integrative conclusion. The curriculum provides foundational coursework for students early in their academic programs of study that supports fundamental skills for academic work across a broad range of disciplines (Foundations for Lifelong Learning), followed by broad preparation across many disciplines in the different creative and critical approaches these disciplines use to explore issues, answer questions, solve problems, express ideas, and build knowledge (Critical and Creative Thinking across the Disciplines), and concluding with more advanced coursework that requires students to integrate and apply skills they have developed through their studies across disciplines to inform their ongoing learning within these disciplines or to address real-world issues and experiences in their civic, personal or professional lives (Integrating and Applying LA&S Learning).

Rename the Industrial Technology Department - AUC #71

Rename the "Industrial Technology Department" to the "Engineering Technology Department".

Strategic Planning Committees – AUC #136

Create committees as part of the upcoming strategic planning process to be used in 2019-2020.

Renaming Academic Divisions – AUC #137

Request that the name of the academic "Division" be changed to "School".

A. The “Division of Arts and Sciences” be changed to “The School of Arts and Sciences,”
B. The “Division of Business and Technology” be changed to “The School of Business and Technology,”
C. The “Division of Education” be changed to the “The School of Education,”
D. The “Division of Health and Natural Sciences” be changed to “The School of Health and Natural Sciences”

Change of University Internship Policy – AUC #142

Change the existing university level policy requiring a minimum 2.5 GPA for internship placement to a minimum 2.0 GPA before placement.

Proposals Withdrawn

LA&S Subcommittee of the Curriculum Committee – AUC #130

Create an LA&S subcommittee of the AUC curriculum committee that would facilitate the approval process of courses seeking LA&S designation.

Proposals Not Recommended

Expanding the Flexibility of the Math Requirement for Criminal Justice Majors – AUC #11

Eliminate the requirement for Criminal Justice Majors to take MATH 1700 Applied Statistics and instead allow them to take any college-level Math or Quantitative (QR) under the anticipated upcoming LA&S revisions course.
