Dear Fitchburg State Student:

The Student Handbook is a source of useful information and a presentation of the policies we live by at Fitchburg State University. Underlying all of that is a special falcon spirit that I hope you will discover and come to enjoy. That special falcon spirit encompasses:

- **A community of learners.** We focus on learning and growing as members of the campus community.
- **An achievement-orientation.** We set goals and then work hard and consistently to meet them in all facets of the university experience.
- **A blending of liberal arts education, preparation for professional life and student development opportunities.** We learn by exploring a broad range of subjects and develop academic and life long skills through our work in the classroom, involvement in organizations, participation in campus activities and activism in the community.
- **A sense of civility.** We act in a civil way toward each other in our classes, at meetings, at athletic contests, during activities and events, and in our living environment. What you bring to Fitchburg State University is important as well; your goals and aspirations, your special strengths and personality, and your willingness to do all you can to be an active member of our community. Participating fully in the life of the university, from the classroom and library to student activities and special events, is the best way to learn how far you can go.

I’m glad you are here at Fitchburg State University, and I wish you all the best in the coming academic year.

Sincerely,

Laura A. Bayless, Ph. D.
Vice President of Student Affairs

Established in 1894 by an act of the Massachusetts Legislature, the State Normal School in Fitchburg opened in temporary quarters in the old high school building on Academy Street. Principal John G. Thompson, aided by a teaching staff of three, implemented a two-year teacher training program for women that had forty-six participants. In December 1896, the school expanded into a new building, known as Thompson Hall, and set up the State Schools of Observation and Practice in city buildings on Day Street and Highland Avenue.

In the next decade the school was a trendsetter for programs in Education. The Edgerly School opened, originally as an eighth-grade model and practice school, and then in 1910, it became one of the first junior high schools in the United States. The following year the school initiated the first practical arts teacher training course in the country for men.

In 1930, the State Normal School was authorized to offer a bachelor's degree in practical arts, and in 1932, when it became the State Teachers College at Fitchburg, four-year degrees were offered in all areas of education.

Under the auspices of the State Division of University Extension summer courses were first offered in 1915, marking the beginning of the college’s commitment to Continuing Education programs. In 1935, the college was also authorized to establish graduate programs and in 1954 the first evening courses were offered.

In 1960, the college changed its name and expanded its mission. The State College at Fitchburg diversified its programs to include degrees in disciplines other than education. In 1965, its name was officially changed to Fitchburg State College, which today offers forty-nine undergraduate degree programs in eighteen academic departments, over twenty-five Masters Degree programs, five Certificate of Advanced Graduate Study programs, and nine Graduate Certificate programs, and four Post-Baccalaureate Certificate programs. Enrollment is up to 3,100 full-time and 4,000 part-time students, which include 1,100 matriculated graduate students. The campus has expanded from a single structure on High Street to thirty-two buildings on ninety acres, becoming the educational center for the Montachusett region. The college proudly offers traditional and nontraditional programs to serve the educational needs of its students as undergraduate, graduate, and continuing education students.

On July 28, 2010, Gov. Deval L. Patrick signed legislation establishing a State University system in Massachusetts, and the institution’s current name—Fitchburg State University—was enacted.
Mission Statement
Fitchburg State University is committed to excellence in teaching and learning and blends liberal arts and sciences and professional programs within a small college environment. - Create a culture of diversity to meet the needs of the region and enhance the personal and academic lives of the university community
- Build partnerships within our community to provide real-world opportunities for our students and collaborative solutions to community issues

The core values, mission and vision were approved by the All College Committee, President Robert Antonucci and the Board of Trustees. Approval from the Board of Trustees was December 8, 2009.

“The Family Rights and Privacy Act of 1974 guarantees that the academic records for students over 18 years old cannot be discussed with anyone except the student or authorized university personnel. However, certain information classified as “Directory Information” is available for public consumption unless the student specifically directs that it be withheld. Public Directory Information as defined by the act includes: Student’s name, addresses (campus, home, e-mail), telephone listings, date and place of birth, major field of study, class year, participation in officially-recognized activities and sports, weight and height of members of athletic teams, dates of attendance, status (full-time, half-time, part-time), degrees, honors, and awards received, and the most recent previous educational institution attended. The
Family Educational Rights and Privacy Act (FERPA) of 1974, as amended, affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day the University receives a request for access.

Students should submit to the registrar, vice president of academic affairs, dean of enrollment management, academic department chair, or other appropriate official, written requests that identify the record(s) they wish to inspect. The university official will make arrangements for access and notify the student of the time and place where the records may be inspected. 2. The right to request the amendment of the student’s education records that the student believes are inaccurate or misleading.

Students may ask Fitchburg State University to amend a record that they believe is inaccurate or misleading. They should write to the university official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the university decides not to amend the record as requested by the student, the university will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

Fitchburg State University will disclose information from a student’s education records only with the written consent of the student, except:

J. To students currently registered in a particular class section, the names and e-mail addresses of others on the roster may be disclosed in order to participate in class discussion.

Financial Aid
Anthony Building
(978) 665-3156
Denise Brindle, Director
fitchburgstate.edu/finaid

Eligibility
Eligibility for financial aid is determined by computing the difference between a family’s available resources for college and the total cost of attendance at Fitchburg State University. A family’s available resources are determined by an analysis of the information that is submitted by the student on the Free Application for Federal Student Aid (FAFSA). This analysis considers such factors as income, assets, household size, and number in college. The result of this analysis is an Expected Family Contribution, or EFC.

Cost of attendance is based on a student’s housing and enrollment status, and contains the following expenses: tuition, fees, room, board and estimated costs for books, supplies, transportation, personal expenses and loan fees. The difference between a student’s cost of attendance and their EFC represents a student’s financial aid eligibility.

In order to qualify for financial aid, a student must also meet the following criteria: enroll at least half-time in a degree program at Fitchburg State University, be a U.S. citizen or eligible non-citizen, not be in default on a student loan, be registered with Selective Service (if male and 18 years of age or older) and maintain satisfactory academic progress.
Changes in Eligibility

Students must continue to meet all eligibility criteria in order to qualify for financial aid. If at any time a student ceases to be eligible, their financial aid will be canceled. Changes in enrollment, housing, or residency status may affect a student’s eligibility for financial aid and should be reported to the Financial Aid Office.

Satisfactory Academic Progress

All financial aid recipients are required by federal and institutional policy to be maintaining satisfactory academic progress (SAP). Students are expected to be making measurable progress towards the completion of their degrees and to be maintaining an appropriate cumulative grade point average. SAP standards apply to all students of Fitchburg State University: full-time, part-time, undergraduate, and graduate.

Federal regulations require that SAP standards measure a student’s academic progress in both qualitative as well as quantitative terms.

Qualitatively, students must meet the following standards:

- Students with 0-29 attempted credits must maintain a minimum 1.6 cumulative grade point average.
- Students with 30-59 attempted credits must maintain a minimum 1.8 cumulative grade point average.
- Students with 60 or more attempted credits must maintain a 2.0 cumulative grade point average.

Quantitatively, undergraduate and graduate students must complete 67% of all attempted credits. Students that attempt more than 150% of the credits required for their degree are not eligible for financial aid.

Students are solely responsible for maintaining their academic standing. Students who have not done so will be notified of their ineligibility for financial aid by the Financial Aid Office. Special circumstances may be heard by the Office of Student Affairs. Students who have been denied financial aid due to unsatisfactory academic progress may regain eligibility the semester after attaining SAP.

Graduation Rates

Information regarding graduation and dropout rates can be found in the Office of Institutional Research.

Applying for Financial Aid

Financial aid is awarded from three major sources: federal, state and institutional funds. A student’s financial aid award is made up of one or several of these sources depending on the student’s calculated financial need.

Grants and scholarships are considered gift aid and do not need to be repaid. Student loans are long-term, low interest loans that come due once a student graduates, ceases to be enrolled, or drops below half-time status.

Work programs are designed to supplement a student’s financial aid package, allowing the student to earn money while attending Fitchburg State University. A work-study award cannot be used as credit toward a student’s bill. Other aid, scholarships and grants received from outside sources must be reported to the Financial Aid and Student Accounts offices. The Financial Aid Office may be required to adjust a student’s financial aid package in order to prevent or correct an over award. A financial aid package can never exceed the cost of attendance, nor can a student’s need-based aid exceed the calculated financial need.

Withdrawals

Students who withdraw from Fitchburg State University prior to the completion of the semester will have their financial aid adjusted according to federal, state and institutional policies.

Return of Title IV Funds

Refund policy for students who receive federal financial aid.

Applicability

This refund policy applies to full-time and part-time students enrolled at Fitchburg State University who are receiving federal Title IV financial aid and withdraw from all classes. This policy is mandated by federal regulation. This policy deals only with the percentage of aid that is earned by a student. Charges incurred by a student who withdraws from the university are determined in accordance with the Institutional Refund Policy.

Withdrawal Requirements

All matriculated undergraduate day students that wish to withdraw from the university must do so by contacting the Office of Student Affairs. The official date of withdrawal for this policy is the date that the student begins the official withdrawal process or the date that the student officially notifies the university of his or her intent to withdraw.

Refund Policy

Refund of federal Title IV financial aid will be based on the date a student completely withdraws from the university as described above. During the first 60% of the semester, a student earns Title IV funds in direct proportion to the length of time that they remained enrolled. A student who remains enrolled beyond the 60% point earns all aid for the semester.

The percentage of the semester that a student remains enrolled is derived by dividing the number of days that a student remains in attendance by the number of days in a semester. Calendar days are used, but breaks of at least five consecutive days are excluded from both the numerator and denominator.

Unearned federal Title IV aid other than federal work study must be repaid by the student in the following order:

- Federal unsubsidized direct loan
- Federal subsidized direct loan
- Federal Perkins Loan
- Federal Parent (PLUS) Loan
- Federal Pell Grant
- Federal SEOG
- Other Title IV financial aid

Students must repay 100% of unearned loans according to the terms of their promissory note, and 50% of unearned grants must be repaid within 30 days of withdrawal from the university.

An example of the Return of Title IV Funds Policy is available in the Financial Aid Office.
It is very possible that a student who receives federal financial aid and withdraws from the university will owe a balance to the university and may be required to repay funds to the U.S. Department of Education. Students considering withdrawal from Fitchburg State University are advised to contact the Financial Aid Office.

fitchburgstate.edu/housing
housing@fitchburgstate.edu
Christopher L. Medley, Director  

Hours

Mon.–Fri. 8 a.m. to 5 p.m.

Housing & Residential Services works collaboratively with campus partners and the greater community to support the educational experience; maximizing the potential of each residential student. The department strives to create an inclusive climate by promoting diversity awareness and understanding. We deliver and facilitate programmatic services within a holistic approach, promoting engagement and personal development through on campus living.

The building inventory consists of six residence hall areas and two apartment communities which provides housing for more than 1,750 residents. All residence halls are conveniently located within easy walking distance of classrooms, offices and other centers of campus activity. Residents are providing through several offices within the department including: Residence Education, Housing Operations, Business & Parking Services and Communication and Public Outreach.

Staff

The residence halls are supported through a live-in staff which includes Area Coordinators, Graduate Resident Assistants, Senior Resident Assistants and Resident Assistants. Community Hall Assistants rounds out the Residence Education Team by providing support through the front desk operations at selected buildings. These staff members serve as advisors, programmers, building managers and resource/referral aides.

Resident Assistants have been trained in such areas as peer counseling and referral, crisis intervention, celebration of diversity, community development, programming and current social issues. Their primary responsibility is to support the resident to be successful as a student academically and engaged with their community through positive involvement.

First Year Residential Program (FYRE)

Educational based program based in Russell Hall. Programs occur bi-weekly and are centered around themes for traditional age college students.

- Resource and Personal Development Programs
- Contemporary/Emerging Topical Issues
- Servant Leadership/Giving Back

The program has ongoing support to connect residents with life and academic skills through the FYRE Class.

Residential Learning Community (RLC)

The RLCs allow for the integration of academic majors and thematic interests into the residence halls. The Resident Assistants assigned to the communities are also connected with the academic interest to support this collaborative offering. The RLCs include three major types: Affinity Housing Community, Theme Housing Community and Living & Learning Community.

The current communities are as follows:

- Criminal Justice Police Concentration
- Health Sciences
- Honors
- Science, Technology, Engineering & Mathematics (STEM)

Resident Development Model (RDM)

The RDM is the intentional process by which the Resident Assistants (RA) integrate programs into their engagement with residents. Programs can be through bulletin boards, newsletters, socials and physical programs. Awareness and education are the cornerstones that builds a community that is diverse and inclusive of all.

Resident Assistants implement various small social touch points with their residents to create a space of relatability and inclusiveness. The Resident Assistants are encouraged to alter their programming to meet the needs of their residents as they emerge.

Residence Hall Association (RHA)

The Residence Hall Association provides an opportunity for residents to participate in the governance and leadership of their community. The organization is a great opportunity for individuals looking to establish and advance their skills. Involvement can range from committee participation to serving on the Executive Council. Connect with your Resident Assistant to find out more information.
Maintenance
A team of maintenance staff workers are employed by Housing and Residential Services in order to maintain the residence halls in the best possible condition within the given resources. To ensure a pleasant environment, students should treat the buildings and their room with respect.

Each building is assigned a maintainer in order to help clean the building. These individuals are highly visible as they spend the bulk of their workday in the living environment of the halls. They provide much more than cleaning services and can be a great source of support. The trades staff is responsible for all maintenance, such as repairing the heating and cooling systems, changing light bulbs and unstopping clogged drains.

Students who need to request maintenance service in their room can submit a work order online through the School Dude system which is housed on the Capital Planning and Maintenance website: fitchburgstate.edu/cpm.

In an emergency, students should contact a member of their building staff or the Office of Housing and Residential Services during weekdays. Emergencies that occur during evenings, weekends or holidays should be reported to the RA on duty or University Police at extension 3111.

Community Safety & Wellness
Housing & Residential Services strives to maintain a safe and welcoming environment; this success is only possible when all residents participate and fulfill their community responsibility. Programs to address community safety and wellness are held in the residence halls. In addition, fire drills and room health and safety inspections are held each semester.

Fire Drill Procedures
Cooperation in following the procedures listed below may be important in saving lives if a fire or similar disaster should occur. It is the responsibility of every resident to be familiar with these procedures and observe them if an alarm sounds:

- Leave lights on
- Wear a coat and shoes
- Close windows
- Close and lock room door/suite door/apartment door
- Proceed to the designated exit point
- Students not in their own rooms should follow the exit procedures for the area they are in
- Assemble outside in the place assigned to the area

Students who fail to vacate the building during a fire alarm are subject to disciplinary action.

Fire Safety Equipment
Fire alarm systems and fire safety equipment are provided for the protection of the residents. The fire extinguishers, smoke detectors, fire alarm horns, pull stations, and emergency exit signs are critical safety equipment. Tampering with fire safety equipment can result in criminal prosecution, disciplinary action and/or housing occupancy agreement termination. Where fire sprinklers exist all sprinkler heads must remain free of obstructions to allow it to operate properly. Nothing may be attached or placed against any part of the sprinkler system. This includes piping.

All fire alarm systems are connected directly to the Fitchburg Fire Department for immediate reporting.

Fitchburg State University residence halls may hold a fire drill each semester and all occupants of the building are required to participate. Failure to participate can result in disciplinary action.

Keys/Card Access
Students will be issued either keys or card access, depending upon the building to which they are assigned, for their living area upon arrival to campus during the check-in process. Keys must be returned during the check-out process upon departure. Students are responsible for the security of keys/access cards issued to them. No key/Fitchburg State OneCard may be duplicated, sold, passed on to others or used for any illegal or prohibited purpose. Students found to be violating key/card access security will be subject to disciplinary action.

Residents should immediately report the loss of an assigned key to their building director and expect to be billed for any associated cost pertinent to the replacement. The student may be issued a temporary key. For the safety and security of the student and their roommate, your lock will be changed if the student does not return the temporary key within three (3) days. Once a work request has been filed to change the key, the student will be assessed for all related charges. Residents should immediately report the loss of a OneCard to the OneCard Office (or University Police during nights/weekends/holidays) to prevent the card from being misused. There is a charge of $25 for replacement cards, and the lost card will be deactivated and no longer considered valid.

Public Area Damages
At the start of the year, the physical condition of the public areas (hallways, bathrooms, carpet, lounges, etc.) of each floor will be recorded by residence hall staff. Because the university recognizes the importance of the development of the community in each living unit and each resident’s responsibility for that community, any damages to the public areas for which the responsible individuals cannot be determined will be assessed equally among all members of that community. The process of community assessment is the final option should all attempts by the community to identify the responsible persons be unsuccessful.

For Further Information
For further information regarding these or other Housing & Residential Services policies and procedures, please refer to the Housing Handbook, the Housing Occupancy Agreement, the Student Conduct Handbook, or the Fitchburg State University Student Handbook. Computer Labs
The hours and locations of open computer labs are listed on the Information Technology Website and are updated each semester. These hours are subject to minor changes due to course additions/deletions and because of individual workshops, training and special classes.

For questions regarding hardware/software support in the open labs, contact the Information Technology Help Desk.

Printing
The open computer labs require all users to swipe their OneCard at a print release station to enable printing of their documents. Five multifunction machines installed across campus exist solely for students' use and each allow for speedy printing in color or black and white, copying in color or black and white, and scanning in color to your student Gmail account. Unlike the other printers on campus, you release print jobs directly from the Ricoh machines rather than a separate station.

Each semester you'll be given a print/copy quota, and as you use the different services on the machines, this amount will be reduced. Once you have depleted your print/copy quota, you'll need to add additional money onto your OneCard Fitchburg Gold account if you want additional prints/copies.

For print/copy machine refunds and questions, please visit the OneCard Office located in Room 118 of the Anthony Building.

**Deposits and Refund Policy**

New students, both freshmen and transfers, are assessed a non-refundable $200.00 deposit. $85 of this deposit will be credited toward their first semester bill. If a student withdraws prior to the beginning of classes, a full refund, less the $85 tuition deposit, is granted. Returning students who have paid their bills prior to the opening of school and who have notified Fitchburg State University that they will not be attending any classes will be entitled to a full refund. After the commencement of semester classes, the refund policy becomes effective.

**Health Insurance Requirements**

Since September 1989, Massachusetts law (M.G.L. c.15A, § 18) has required every full-time and part-time student enrolled in a certificate, diploma or degree granting program in a Massachusetts institution of higher learning to participate in a Student Health Program or in a health benefit plan with comparable coverage. The Student Health Program defines a part-time student as a student enrolled in at least 75% of the full-time curriculum. (CPS Undergraduate Students 12 credits, CPS Graduate 7 credits, Part-time Graduate students 4.5 credits).

Students are required to waive or enroll in the student health insurance each July (before the August due date). Students starting in the Spring Semester will need to waive/enroll before the December due date, and then each July moving forward. Failure to complete this requirement will result in FSU to force enroll the student in the insurance plan and the student will be responsible to pay the insurance fee. The online waiver will be available each semester when the eBill is ready.

**Enrollment Period**

The fall and spring terms are a 15-week schedule. The 50% point is up to the seventh week of classes. The 60% point is up to the ninth week of classes.

students develop effective study habits, practice and apply
the skills they learn in class, and develop critical thinking and
problem-solving strategies. These skills are essential to academic
success at the college level across all areas of the curriculum.

We especially encourage new students to utilize tutoring
services. Many college students realize that the study methods
that they used in high school do not work well in college; in
addition, instructional practices differ, the pace is usually faster,
and college courses emphasize greater student responsibility for
independent study and higher-order thinking skills like applica-
tion, analysis, evaluation, and synthesis. Peer tutoring can help
students acclimate to all of these changes and discover the study
strategies that work best for them.

The Tutors
All peer tutors go through an application and selection process.
They must demonstrate excellent communication skills and
maintain a cumulative GPA of 3.0 or better. They must have
earned grades of 3.3 or higher in all courses they wish to tutor
and two faculty members must endorse their mastery of
the concepts and ability to connect with their peers. Tutors
complete a ten-hour Tutor Training Seminar in which they learn
communication skills, ethics, and research-based tutoring tech-
niques. Training emphasizes how to integrate learning principles
and strategies into each tutoring session.

The Fitchburg State University Tutor Center has earned the
prestigious College Reading and Learning Association (CRLA)
International Tutor program Level 1 Certification. This provides
the Tutor Center the authorization to award Peer Tutor Certifi-
cation to tutors who meet the four standards of quality (selec-
tion, training, evaluation and experience) required by CRLA.

Individual Tutoring
Individual tutoring is available in most academic subjects.
One-on-one tutor sessions focus on reviewing, clarifying, and
applying concepts in the course. Tutors also introduce study
habits and learning strategies to assist students in becoming
independent and self-directed learners. The tutor and tutee are
matched with the expectation that they will work together on
a weekly basis for the remainder of the semester. All one-on-one
tutoring is scheduled between the tutor and the tutee so they
can establish a mutually convenient time to meet.
**Group Tutoring**
Small group tutoring is offered in courses where the demand for tutors exceeds the supply of tutors, such as nursing, biology, and chemistry courses. Groups of 2-5 students meet for 75 minutes each week. Group tutors receive additional training in group dynamics and promoting active participation in group discussions. The tutor's goal is to maximize each member's learning of the main concepts and supporting details, integrate learning strategies, and practice reasoning skills.

**Walk-in Tutoring**
The Math Center and the Writing Center both offer walk-in tutoring for any math or writing-based assignment. Students may visit these walk-in centers as often as they wish throughout the semester. The Math Center is open Mondays – Thursdays from 10 am – 7:30 pm and Fridays from 10 am – 4 pm. A weekly schedule is posted online so that students know when a tutor is on duty for their particular course. They can drop in without an appointment and stay as long as they like.

The Writing Center is open Monday – Thursday for the first half of the semester and Monday – Friday for the second half of the semester. Students may request a writing session with a peer tutor through SSC, the Student Success Collaborative, or stop by when a tutor is on duty.

Peer writing tutors work with writers at all levels and in all stages of the writing process, including prewriting steps like brainstorming, outlining, drafting, and research. Our goal is to help students hone their written communication skills and engage in critical thinking. Tutors do not write on or edit students' papers. The student is the author; while the tutor will address specific issues and recommend changes, the student makes the final writing decisions.

**Placement Test Center**
Hammond Hall, Suite 306
The need for placement testing is determined by an incoming student's adjusted high school GPA and their intended college major. Students required to take placement tests will be notified by the admissions office and asked to reserve a spot at an upcoming placement test before summer orientation. Transfer students may be required to take a placement test, depending on whether they have received transfer credit in Math and English courses. Transfer students will find out what placement tests are needed when they contact their academic advisor prior to the start of classes.

The three College Board Accuplacer placement tests that are administered include Write Placer, QAS, and AAF tests. More information about these tests can be found on the university's website.

Making Revisions or Amendments to a Constitution

Any revisions or amendments to a constitution of a recognized student organization must be approved by the SOC and SGA prior to implementation. The following process will be followed:

Organizations must submit any revisions or amendments with the rationale for making the changes to the chairperson of SOC. The chairperson of SOC will forward the revisions or amendments and rationale to the SOC or, if the organization is Greek, will forward the request to the Greek Council.

Greek Requests

SOC will forward the revisions or amendments and rationale to Greek Council, which will review the revisions or amendments and rationale and will meet with the organization to obtain additional information if required. Greek Council will make a recommendation to SOC. SOC will review Greek Council’s recommendation and will meet with the organization if required. SOC will make a recommendation to SGA where a vote will take place. A majority vote is needed to pass any amendments.

Re-recognition Once Recognition Has Been Lost

Student organizations that have been inactive for two years or less, or have lost recognition previously as a result of a judicial sanction, must re-apply for recognition in accordance with the sanction received. Student organizations that have been inactive for two or more years must go through the Student Organization Committee, and submit the following to the director of Student Development:

- Letter of intent to become a recognized student organization signed by the officers and advisor, which includes a statement of the activities and programs since the organization lost its recognition
- An updated copy of the constitution
- Organizations are encouraged to submit supporting documentation such as recommendations from SGA, Greek Council and/or community service agencies

Refer to SOC process on page 29.

Annual Assessment

The SOC will conduct periodic assessments of each organization to assist recognized student organizations in evaluating their organizational development and activities. Through organization self-assessment, SOC assessment and recommendations for continued success, organizations will receive guidance and support for achieving organizational goals.

Each year, the SOC will identify 15 to 20 recognized student organizations for annual assessment. The organizations will prepare an assessment report and meet with the SOC for an assessment. The assessment is in no way a punitive process; however, each student organization is to make a good faith effort to comply with the process. Failure to exhibit good faith participation in the assessment process may affect the recognition status of the student organization.

Non-Greek Requests

SOC will review the revisions or amendments and rationale and will meet with the organization to obtain additional information if required. SOC will make a recommendation to SGA where a vote will take place. A majority vote is needed to pass any amendments.
**Fund Raising**
- Fundraising is allowed only by recognized clubs and organizations.
- No competing sales are allowed (e.g. multiple bake sales cannot occur simultaneously).
- All fundraisers need to be registered and approved by the Office of Student Development.
- A completed [and approved] fundraiser request form must be on file with the Office of Student Development for every fundraiser.
- The Office of Student Development reserves the right to cancel and/or terminate a fundraiser if deemed to be inappropriate or in competition with another fundraiser.
- Requests for any solicitation that is to take place off campus must be submitted in writing (see the Office of Student Development for details) at least 1 month prior to when the solicitation is desired to take place.

Please refer to the Solicitation, Raffle Policy and Student Club and Organization Resource Guide for further information regarding fund raising.

**GPA Policy**
To be a member of an executive board for any FSU club or organization, a student needs to maintain a semester GPA of 2.00 and an overall GPA of 2.50. If a club has standards that are above those of the university, those policies will supersede this policy. If any e-board member falls below the GPA requirements, they will be asked to step down from office. In a dispute, the final decision responsibility lies with the Office of Student Development.
Overview
The Department of Intercollegiate Athletics offers each student an opportunity to participate in intercollegiate athletic programs. Participation in these programs provides additional opportunities beyond the classroom for student learning in a wide range of situations.

Intercollegiate Sports
The 17 Falcon varsity teams have enjoyed regional and national recognition as highly competitive NCAA (National Collegiate Athletic Association) Division III teams. Fitchburg State University is a member of various intercollegiate athletic associations, which entitle successful participants to compete in post-season tournaments and championships. The men’s varsity programs include competition in cross country, indoor and outdoor track and field, football, soccer, basketball, ice hockey and baseball. Women’s varsity programs include cross country, indoor and outdoor track and field, field hockey, basketball, softball, soccer, volleyball and lacrosse.

The fall season includes football, soccer, field hockey, volleyball, and cross country. Practices start in late August and competition runs from early September to early November. The hockey, basketball and indoor track teams compete during the winter. Practices start in mid-October for hockey and basketball. The season of competition runs from November to early March. The spring season includes track and field, baseball, softball and women’s lacrosse. Practice for baseball, lacrosse and softball starts in early February. The season of competition runs from March through early May. The baseball, lacrosse and softball teams often travel to Florida during Spring Break. The track and field season begins immediately following indoor track.

Information regarding pre-season tryouts and team meetings for all teams is available from the head coach. Email contact information for coaches is available on the department website.

The Student Code of Conduct may be found in the Student Handbook and on the university Website. Student-athletes who violate Athletics Department policies may be subject to additional sanctions by the Athletics Department.

Alcohol, Illegal Substances and Other Drug Abuse
The Fitchburg State University Athletic Department does not condone the use of alcohol, regardless of age, or drugs by any student-athlete or game management personnel in connection with any team function, or by any prospective student-athlete or their host during a university visit or a team function. Student-athletes are required to sign the NCAA Drug Testing Consent Form prior to participation, and thereby accept the penalties that may result from violating this policy. Violations of this policy may be referred to student conduct.

Tobacco
NCAA regulations prohibit the use of tobacco, including smokeless tobacco, by any student-athlete, coach or game management personnel during any practice or at the site of any competition.

The committee also promotes school spirit and support by student-athletes for all other intercollegiate teams.

**Absences**

Students who will be absent for an extended amount of time due to illness, death in the family, etc., should contact the Office of Student Affairs at (978) 665-3130. Students who will be absent for brief periods of time should speak directly with their instructors. Students are strongly encouraged to reach out to their instructor and work directly with them regarding missed classes/assignments.

**Advisors**

All students are assigned a faculty member advisor by the department chairperson for your major. Pre-majors are advised by the full time professional staff in the Advising Center as part of the Focus on the Future program. Students are encouraged to consult with their advisors at any time during the semester regarding any problem involving their academic program. By agreement, all faculty must be available to their students for class and other advising at least three hours a week. These office hours are posted at the department offices. In addition, students are required to meet with their advisors during the registration period because only advisors can arrange and approve course enrollment.

**Attendance**

Each instructor has the prerogative to place a value upon class attendance subject only to the limitation that the members of each class be informed of that value at the beginning of the semester. The instructor’s class attendance standard should be stated in the course syllabus.

Students should be aware that non-attendance may result in grades of zero (0.0) and that their financial aid may be jeopardized.

**Classroom Decorum**

Fitchburg State University expects students to act in a mature and responsible manner. Respect for the rights of others, openness to new and challenging ideas, civility and courtesy are examples of these expectations. They extend to the classroom as students are expected to positively contribute to the teaching and learning environment by demonstrating appropriate classroom behavior.

The Student Code of Conduct establishes that obstruction or disruption of teaching, administration, disciplinary system, the university or community or other university activities shall constitute a violation of the code of conduct (Item 2.01). Examples of inappropriate classroom behavior shall include but are not limited to: using derogatory, vulgar, or insulting language that has no academic merit to the discussion, sleeping in class, use of cellular devices, use of laptop for non-class related purposes, arriving or leaving while class is in session, and unsolicited talking in class. If a student exhibits these disruptive behaviors, the faculty member may ask the student to stop the behavior and comply with the expected behavior.
of the classroom or leave the classroom. A faculty member may address the issue informally with the student to ensure that appropriate standards of behavior are met or pursue formal disciplinary action through the Office of Student Conduct and Case Management.

Class Cancellations
Faculty absences are posted at the Hammond Information Desk and are available on a recorded telephone message system. Students may telephone the faculty absences/school closings recording at (978) 665-3580.

In the event of inclement weather, the cancellation of classes will be reported on the following radio stations: Boston television stations WBZ (Channel 4), WCVB (Channel 5) and WHDH (Channel 7). The campus radio station WXPL (91.3FM) broadcasts after 8 a.m. Commercial radio stations include the WEIM (AM 1280), WBZ (AM 1030). Cancellations are listed as Fitchburg State University only; any other Fitchburg listings do not pertain to the university. Student may choose to be notified of important campus announcements by signing up with Fitchburg State Alert at alert.fitchburgstate.edu.

Course Registration
At the 11th week of classes, students will receive notification via email of the registration period and instruction for registering for the following semester. Three weeks prior to registration is the university advising period. Students must meet with their advisors to review their academic progress and develop schedules for the upcoming semester. After agreeing on a selection of courses, the advisor will give the student their alternate pin, which will allow the student to register online in Web 4.

Courses taken through Graduate & Continuing Education above a full-time load of 12 credits, or during winter or summer, carry additional tuition and fees, payable at the time of registration.

Add/Drop
During the first six class days of the semester, students may drop or add courses. Add/drop is done on line if the course still has seats or at the Registrar’s office. This process, designed to save time and effort, holds the student responsible for any changes from the advisor-approved schedule. Students should confer with their advisors, as well as review their degree evaluation in Web 4, prior to making any changes that may affect regular progress toward graduation.

Course Load
The normal course load for each semester is 15 semester hours of credit. The minimum academic load for each semester for full time students is 12 semester hours of credit. A course load surpassing 18 semester hours is an overload and, as such, must be approved by the student’s advisor and the dean associated with the student’s major of study. Students with a cumulative grade point average lower than 3.0 will usually not be granted authorization for an overload.

Withdrawal from Courses
After the drop/add period but prior to the end of the 11th week of the semester, students may withdraw from courses and receive a W for a grade in each course. Course withdrawals are initiated by the student, who is solely responsible for completing the necessary paperwork. The student must obtain the appropriate form from the Registrar’s Office and have it signed by their advisor. After the 11th week of classes, a grade of 0.0 is recorded. A waiver may be given for documented, critical extenuating circumstances.

Full time enrollment status requires that a student carry a load of 12 or more credits. Dropping below this level, either by dropping or withdrawing from courses, jeopardizes the student’s eligibility for veteran’s benefits, the Dean’s List, honors, scholarships, varsity athletics, health insurance coverage and financial aid.

Withdrawal from Fitchburg State University
Students who leave Fitchburg State University, either during a semester or between semesters, must complete a withdrawal form, which may be obtained at the Office of Student Affairs located in the Sanders Administration Building, Room 204. Students who withdraw within the first eight weeks of the semester will receive a W in each course. Students who leave the university after eight weeks will receive a grade of 0.0 in all their courses.

Documented illness, injury or personal emergencies are considered extenuating circumstances that may allow students to withdraw from the university after the eighth week of classes without penalty. Students who withdraw from the university for one of these reasons should contact the Office of Student Affairs. The decision to grant Ws will be made by the Dean of Students. Financial aid recipients who are considering withdrawal from the university are urged to contact the Financial Aid Office. Withdrawal may result in the student owing a balance to the university and/or owing a repayment to federal or state aid programs. Please contact the Financial Aid office for details prior to withdrawal.

Voluntary/Involuntary Withdrawal Policy
This policy defines the withdrawal procedures for medical and/or mental health related concerns. The University reserves the right to initiate an involuntary withdrawal of a student from the University under limited circumstances as defined within the policy.

Returning After Withdrawal
Students withdrawing from Fitchburg State University in good standing without completing a baccalaureate degree may return to the university by applying online at fitchburgstate.edu/readmission. Students should submit requests to the Registrar’s Office before May 1 to return for the fall semester or before November 1 to return for the spring semester.
Readmission is not guaranteed. The Registrar's Office will consider academic, financial and discipline records, in addition to space available, in granting or denying readmission. Students who are re-admitted will follow the current catalog program requirements.

**Academic Standing**

To be in good academic standing at Fitchburg State University, students must have a 2.0 or higher cumulative (cum) grade point average (GPA).

**Academic Probation**

Students whose cumulative GPA falls below a 2.0 will be placed on probation.

**Academic Warning**

Students whose cumulative GPA falls in the range of 2.0 to 2.2 will be placed on academic warning.

Students on probation and academic warning must:
- Meet with their academic advisor/s before the start of the second week of the relevant semester to review their current course load and arrange periodic meetings throughout the semester;
- Meet with an academic coach for the number of times stipulated in the probation or academic warning contract;

Students who maintain the University's academic standards for probation must also meet the financial aid and athletic eligibility requirements for satisfactory academic progress. (Financial Aid and Athletics offices have additional academic requirements for probationary students. Students should consult the appropriate office to determine their eligibility.)

Students placed on probation for the first time will remain eligible to participate on athletic teams. Any additional probations will disqualify a student from eligibility.

Students who voluntarily withdraw from the university while on probation will remain on probation if they are readmitted.

**Suspension**

Students will be suspended if:
- They have a cumulative GPA below a 2.0 for more than two successive semesters;
- And/or they do not meet the minimum cumulative GPA, as stipulated below:

<table>
<thead>
<tr>
<th>Attempted Credits</th>

</tbody>
</table>

Suspended students are not eligible to enroll in any course in any division of Fitchburg State University for at least one semester. Following suspension, students must submit a letter, before the deadline established by the Registrar, requesting readmission. Students who are readmitted after suspension do so under an academic contract. Suspension status is not changed by a voluntary withdrawal.

**Dismissal**

Students will be dismissed from the University if, after having been readmitted following a suspension, they do not meet probationary standards as laid out in a contract.

Dismissal status results in the student’s dismissal from all divisions of Fitchburg State University. A dismissed student may not enroll in any courses in any division of the University for a period of five years.

**Grades**

Final grades assigned for completed course work carry a corresponding point value. This point value, along with the credit hour value, determines a student’s GPA each semester. Grades are awarded on a numerical scale as follows:

<table>
<thead>
<tr>

<tbody>
<tr>

**Sample Semester GPA Calculation**

Using the point values of assigned grades and the credit hour values of courses taken, the following process is used to determine a semester grade point average.

40.5 total grade points ÷ 15 total credit hours = 2.70
Grade point average for the semester is 2.70.
Repeating Courses and Grade Substitutions

Repeating Courses after a Failing Grade
A student may repeat a course in which the assigned grade is a 0.0 or U (Unsatisfactory). In these cases, the new grade will be substituted for the original grade in calculating the student’s cumulative GPA. The original grade, however, will continue to appear on the transcript. A new passing grade earned as transfer credit also eliminates the original failing grade in calculation of the cumulative GPA, although only transfer credits, not grades, are recorded on the official transcript.

Repeating Courses after a Passing Grade or Audit
A student may repeat once any Fitchburg State University course for which a 1.0, 1.3, 1.5, 1.7 or AU is earned. Courses must be taken at Fitchburg State University and, if at all possible, should be taken within the following year.

The grade for a repeated course (except in the case of second grade option*) will be computed along with the original grade in the cumulative GPA, but no additional credits will be applied toward graduation requirements.

The repeated course will be indicated as such on the student’s transcript.

*Second Grade Option
The Second Grade Option allows only the grade earned when a course is repeated to be used in the calculation of a grade point average. Only the credits earned for the repeated course will apply toward graduation.

All grades earned for a given course will remain on a student’s permanent academic record, which will indicate those courses repeated under the second grade option.

To take advantage of the second grade option, students must obtain approval from their advisor and file the appropriate paperwork with the Registrar’s Office prior to midterm of the semester in which the course is being repeated.

Grade Changes
Students who believe they were given an incorrect grade should contact the instructor and bring the inaccuracy to their attention. If the instructor agrees that a mistake has been made, the instructor will email the change to registrar@fitchburgstate.edu.

Student Grievance
A student who is dissatisfied with a grade received or with any other aspect of instruction in a particular course is to confer with the instructor, who will explain the reasons for awarding the grade. If such a conference fails to achieve a satisfactory resolution, the student may then appeal to the department chairperson. If the matter is still not resolved, the student may appeal in writing to the appropriate academic dean to adjudicate the situation.

Transfer Credit
Credit received for courses completed at other regionally accredited institutions of higher education may be transferred to Fitchburg State University and applied toward degrees if the courses are equivalent to courses offered by Fitchburg State University or appropriate to programs at the university and the grade received was a 1.7 (C-) or higher.

Credit for courses transferred with passing grades below 1.7 (C-) may be approved if the credits are included as part of an Articulation Agreement/Associates Degree program covered by the Commonwealth Transfer Compact. Approval of transfer credit is authorized by the Registrar’s Office.

Honors
The President’s List honors students for consistently high academic achievement. Students are named to the President’s List when they have attained a semester GPA of 3.75 or higher for three successive semesters while maintaining full time status.

The Dean’s List honors students who have attained an average of 3.2 or better for the semester while maintaining full time status. Incompletes do not count toward the Dean’s List.

Major Changes
Students who want to change their majors or declare a second major should consult with the appropriate department chairperson for specific information about application for admission. Departments and programs have individual requirements and procedures, including minimum GPAs, formal application forms and designated admission dates. Access into some majors is also numerically limited. A change of major must be completed first by the department chairperson of the student’s new major and then by the department chairperson of the student’s former or double major. When completed, the change of major form must be submitted to the Registrar’s Office. The change of major form can be found at fitchburgstate.edu/registrar.

Transcripts
Official Transcripts are available online at parchment.com. Unofficial transcripts can be printed from Web4 student self-service.
Academic Integrity Policy

Every member of the university community is expected to maintain the highest standards of academic integrity. A student shall not submit work that is falsified or is not the result of the student’s own effort. A student who is in doubt regarding standards of academic integrity in a course or assignment should consult the faculty member responsible for that course or assignment before submitting the work. A student’s lack of understanding of the academic integrity policy is not a valid defense to a charge of academic dishonesty.

A student’s name on any written or creative exercise (e.g., examination, report, thesis, theme, laboratory report, computer program, artistic production, etc.), or in association with an oral presentation, declares that the work is the result of that student’s own thought and study. Any work that the student declares as his or her own shall be stated in the student’s own words and produced without the assistance of others. Students must make clear through accurate citations when they make use of other sources. Talking during an examination, or possession or use of unauthorized materials or equipment during an examination constitutes an infringement of the academic integrity policy. Aiding and abetting academic dishonesty also constitutes a violation of the academic integrity policy.

Unless permission is received in advance from the faculty member in charge of the course involved, a student may not submit, in identical or similar form, work for one course that has been used to fulfill any academic requirement in another course at Fitchburg State University or any other institution. A student who perceives the possibility of overlapping assignments in courses should consult with the appropriate faculty members before presuming that a single effort will fulfill requirements of both courses. Students should consult course syllabi for additional guidance on matters of academic integrity.

When an alleged offense of the Academic Integrity Policy has occurred, the following process will apply:

1. If the accuser is a faculty member, and s/he decides to make a formal accusation of a violation of the academic integrity policy, the faculty member will provide the student with a letter describing the case for academic dishonesty within fourteen days of discovering the alleged infringement. This letter may be presented to the student in person or delivered to the student’s home, local or campus address or mailbox, or Fitchburg State University email account. The student will either a) agree with the accusation of academic dishonesty and the sanction as imposed by the faculty member or b) disagree with the accusation of academic dishonesty. (A student cannot agree with the accusation of academic dishonesty but disagree with the sanction. Disagreement with a sanction, in other words, is not grounds for an appeal.)

If the student has agreed with the accusation and signed the letter accordingly, the sanction identified by the faculty member will be imposed, and the matter will be considered closed. If the student disagrees with the accusation and again signs the letter accordingly, the student may appeal the matter to the university conduct board. With all formal accusations of a violation of the academic integrity policy, the faculty member will forward the letter with the student’s signature and other relevant information to the Office of Student Affairs.

2. If the accuser is not a faculty member, and s/he decides to initiate the formal process, the accuser must submit a report and/or relevant information to the Office of Student Affairs within fourteen days of discovering the alleged infringement of the academic integrity policy.

3. Once a case is forwarded by a student or as an appeal (in the form of a report, signed letter and/or other relevant information), the Office of Student Affairs, or designee, will review all relevant information and either a) dismiss the incident due to lack of merit or timeliness or b) contact the accused student to schedule a conduct board hearing or when a board is not available an administrative hearing may be scheduled.

4. If the case goes to the conduct board, the board will determine whether the student is responsible or not responsible for violating the academic integrity policy. If the student is found responsible, the board will recommend sanctions to the appropriate academic dean. These sanctions will include those identified by the faculty member and, in the event a student has a prior disciplinary record, may also include the additional sanctions of:
   - a grade of zero on the assignment;
   - a failing grade in the course;
   - suspension from Fitchburg State University;
   - dismissal from Fitchburg State University;
   - or other sanctions.
5. In cases of undergraduate student violations of the academic integrity policy, the appropriate academic dean will either impose the sanction recommended by the conduct board or determine that the sanction is excessive or inadequate and alter it accordingly.
6. The student may make a final appeal only for a sanction of suspension or dismissal.

Note: If the student agrees with the academic dishonesty finding by the faculty member, the case will not go before the conduct board; however, if s/he has a prior disciplinary record, the Office of Student Affairs may pursue other charges and sanctions once the academic integrity issue has been resolved.

Poster Policy

Only organizations recognized by the Student Government Association (SGA) can promote events. An individual cannot promote an event using a poster, flyer or promotional items on an SGA bulletin board. Example: a local concert or party at a club cannot be advertised by an interested person or employee who attends Fitchburg State University. The individual may be referred to student conduct for this offense.

The organization’s name must appear on the poster, flyer, notice, table tent or handout. The advertisement will be removed if the sponsoring organization's name does not appear anywhere on the item.

No poster may contain any advertising for, reference to or theme of alcohol. For example: names of beer brands, pictures of alcohol, Booze Cruise, Get Wrecked Party, Free Drinks, 2 for 1, Open Bar, or any numerical prices for drinks, such as 0 cents suds, $1 for a drink or $4 a pitcher. These will not be approved. Mass posting in parking lots is not allowed.

Only SGA bulletin boards can be used to display posters. Administrative and departmental bulletin boards are not to be used.

All posters/flyers must be SGA approved with the official stamp and signed by a current SGA member. Those not stamped and signed will be removed. No more than 40 flyers or notices will be approved unless requested in writing to the Public Development Committee.

All posters/flyers will be approved for a maximum of 14 days. Items must be removed by the sponsoring organization by the expiration date.

No poster larger than 3 feet by 3 feet will be approved. Larger ones will be removed.
All flyers and notices of wanted, for sale, for rent and services such as typing must also be approved by the Office of Student Development. A maximum of two copies for each posting of this type are allowed.

All flyers must be placed in specific bulletin board space. If the flyer is found outside this space for any reason or is not SGA approved, the poster will be removed and no poster for the same individual, address or phone number will be approved for the remainder of the semester. Please refer to the bulletin board locations at the end of this section.

Posters found covering other posters or in violation will be taken down. Posters in violation will be kept in the SGA Office for 24 hours. The organization in violation will then be notified of the offense. Poster privileges of the organization will be revoked until it meets with the Student Organization Committee (SOC).

After two violations in one semester, the SOC will decide on appropriate disciplinary action or may refer it to student conduct.

Unauthorized persons found taking down posters may be referred to student conduct. Authorized persons are members of the SOC, the Office of Student Development, or any official SGA member.

Any specific concerns should be submitted to the SGA in writing two weeks in advance.

Posters from outside vendors are approved in the Student Development Office.

SGA Bulletin Boards are located as follows:

Those members of the university community who have special difficulties in complying with a smoke-free environment are urged to seek the assistance of either the Human Resources or the Health Services offices.

Solicitation Policy

Each year the university receives requests from students, community and national agencies to sell products or services on the campus. To ensure student privacy, the university adheres to the following policy: no individual solicitation of any kind will be permitted except when students wish to market a product or service which is unavailable through present campus agencies and which is needed by the campus community as determined by the Office of Student Affairs. Recognized campus organizations may, however, solicit for worthy projects. Permission for solicitation must be obtained from the Office of Student Development. All organizations or individuals not affiliated with the university who wish to distribute printed materials must work with the Office of Student Development.
Student Code of Conduct

Fitchburg State University expects its students to act in a mature and responsible manner. Respect for the rights of others, openness to new and challenging ideas, civility and courtesy are examples of this expectation. The student conduct process has been established to address alleged violations of the Code of Conduct. Allegations of discrimination, discriminatory harassment and retaliation, and sexual violence (sexual harassment, gender based harassment, domestic violence, dating violence, and stalking), are addressed through the State Universities’ Equal Opportunity, Diversity and Affirmative Action Plan, adopted March 15, 2015.

The goal of the student conduct process is to support the educational mission of the university by ensuring that an atmosphere of acceptance, curiosity and integrity is maintained on the campus.

Specific information about the Student Code of Conduct can be found in the Code of Conduct and Discipline Process Handbook.

Emergency Transports

The University will make all reasonable efforts to notify the emergency contact on file whenever a student is transported to the hospital via ambulance, except under limited circumstances. Students transported to the hospital via ambulance may be required to check back in with University Police upon their return to campus. Further, students may be required to meet with a University official and provide appropriate documentation, which may include discharge paperwork, upon their return.

Student Parking Policy

All individuals must obtain a parking permit to use university regulated parking facilities, with the exception of the Wallace Civic Center parking lot. Permit holders must adhere to all parking regulations, which are available from either the Housing and Residential Services or University Police offices. Permits are available at Housing and Residential Services. The university is not responsible for any loss or damage to vehicles while parked in lots on the main campus or at the Civic Center.

Shuttle Bus Parking

Fitchburg State University has a limited number of parking spaces on the main campus and for this reason the university offers additional parking at the Fitchburg State University Wallace Civic Center to provide satellite parking serviced by shuttle bus transportation. This parking is available 24 hours a day, with shuttle bus service running between the hours of 6:30 a.m. to midnight Monday through Thursday, Friday 6:30 a.m. to 6:00 p.m., and 4:30 p.m. to midnight on Sundays during the school year. The shuttle service is free of charge and no permit is required to park at the Civic Center lot. You can view the location of campus shuttles via our mobile website at m.fitchburgstate.edu.

Parking Permits

Students who operate a motor vehicle on the property of Fitchburg State University must obtain a parking permit in order to use university regulated parking facilities. Permits are available at the Housing and Residential Services Office from 8 a.m. to 5 p.m. Monday through Friday. The individual’s status with the university determines the type of permit assigned. To obtain a permit, present a valid Fitchburg State University OneCard at the office and pay the permit fee. Permit fees must be paid in full and are non-refundable. Permits must be properly displayed before the permit is considered valid. No vehicle may display more than one current permit. Vehicles doing so are subject to violation fines.

Students may also obtain parking lot maps and a parking rules and regulations guide at the Housing and Residential Services Office.

Snow Removal

The university has established a snow removal policy in order to facilitate the removal of snow from parking areas. When school has been cancelled due to inclement weather, all motor vehicles must be removed from all staff and commuter student parking area within one hour of the official closing of school.

Resident students are responsible for checking for snow removal and lot closure information by calling (978) 665-3006. Snow removal may take place over a period of days, and staying aware of parking policies during this time is the permit holder’s responsibility. Vehicles will often be required to be moved to between lots or to the Civic Center parking lot to allow for plowing operations. Shuttle transportation will be provided to transport students back and forth from campus.

The complete snow removal policy is outlined in the parking rules and regulations guide. All vehicles found to be impeding snow removal operations will be ticketed, towed and stored at the owner’s expense.

Excessive Violations

Students who have five or more unresolved violations regardless of the age of the violation will have a hold placed on their Fitchburg State University records, which can prevent such functions as registration, issuance of transcripts and financial transactions. Students who have 10 or more parking violations, resolved or unresolved within an academic year, may be towed and/or referred to Student Conduct for disciplinary action, which could include the loss of parking privileges.

Use of the Quad

The Quad is a public area of campus to be used casually by members of the university community in a safe manner. The Quad area should be used for study, leisure and relaxation, and not as an athletic/recreation venue for non-university sponsored events. The exception to this policy is an organized, sponsored activity that is coordinated through the Office of Student Development.
Weapons Policy

Weapons and weapon replicas are prohibited on campus. The possession or concealment of any type of firearm or other dangerous weapon, including but not limited to replica weapons, other devices capable of launching projectiles, stiletto, dagger or dirk knife, any knife having a double-edged blade or a switch-blade, or any knife having an automatic spring release device by which blade is release from the handle, having a blade of over two and one-half inches, or a sling shot, knuckles, black jack, metallic buckles or any item which could be used as a weapon is strictly prohibited on Fitchburg State premises or off campus where Fitchburg State jurisdiction applies.

In addition, no paintball guns are allowed on Fitchburg State property including the residence halls.

The use or storage of fireworks or other explosives and hazardous chemicals except under controlled circumstances in a supervised classroom or laboratory setting is strictly prohibited.

Violators of this policy will be subject to immediate legal and/or Fitchburg State disciplinary action, including immediate removal from campus.

Defensive Sprays

Fitchburg State University requires that all students, employees, and visitors to register defensive sprays (including pepper spray or chemical mace) with University Police. Defensive sprays must be maintained in the possession of the registrant or secured in such a manner that it not accessible by or usable by other persons. No defensive spray container may exceed two and one-half ounces in size or be labeled “for law enforcement use only.” Unlawful possession or any misuse of a defensive spray may be grounds for criminal prosecution and referral for disciplinary action.

A Note on Hoverboards

Recent information has revealed that the batteries in the devices are dangerous and prone to explosion, creating a safety and fire risk. The matter is currently under investigation by the U.S. Consumer Product Safety Commission (CPSC). Until a time that the safety standards of these devices are improved, the University has prohibited them from being in any of our campus managed housing facilities. Effective immediately, the use, possession, or storage of Hoverboards, Swagways, IO Hawks, Skywalkers, and similar devices, is prohibited on campus until safety standards for them can be developed and implemented, and the prohibition lifted.
Introduction

Only in an environment free of substance abuse can the university fulfill its mission of developing the professional, social, cultural and intellectual potential of each member of its community. The use of illegal substances and abuse of legal substances and alcohol impairs the safety and health of students and employees, inhibits personal and academic growth and undermines the public's confidence in the university. For these reasons, it is the policy of Fitchburg State University that all university activities and university property shall be free of the unlawful use or abuse of drugs and alcohol.

Drug-Free Schools and Communities Act

Amendments of 1989 Public Law 101-226

Fitchburg State University, in accordance with both federal legislation and existing university policy, is committed to providing a drug free, healthful, and safe environment for all faculty, staff and students. The unlawful manufacture, distribution, dispensation, possession or use of a controlled substance, and the unauthorized possession or use of alcoholic beverages on campus or as part of any university activity or business off university premises is prohibited. If it is determined that a violation of this policy has occurred, disciplinary action up to and including, dismissal (expulsion) of students, and referral for prosecution may result as deemed appropriate. Applicable legal sanctions for the unlawful possession or distribution of drugs and alcohol are summarized in the following section.

This information appears here to meet the requirements of the Drug Free Schools and Communities Act. In addition to this policy, other university policies remain in place. These policies are outlined in detail in this section of the handbook.

General Provisions

The students and employees of Fitchburg State University shall not unlawfully manufacture, distribute, dispense, possess or use controlled substances, drug paraphernalia or alcohol. Any individual who violates this prohibition will be subject to disciplinary action. Sanctions may include dismissal (expulsion) or termination of employment from the university, mandatory participation in an alcohol/drug abuse assistance or rehabilitation program, as well as referral of the matter to law enforcement agencies for prosecution.

Students and employees are required to notify the university’s director of human resources (or designee), and, in the case of students, the director of financial aid (or designee), within five days of being convicted of violating a criminal drug statute in the workplace.

University Alcohol Policy

Fitchburg State University is a community dedicated to the academic, professional and personal development of its members and is committed to educational and social programs that promote such development. Personal and communal responsibility with regard to the university’s alcohol policy is essential in ensuring that Fitchburg State’s environment is conducive to student learning and development. This alcohol policy assumes that any student who consumes alcohol accepts responsibility for their conduct. Being intoxicated will not be accepted as an excuse for conduct that violates the Code of Conduct. Any student found to allegedly violate this alcohol policy will be subject to disciplinary action.

General Provisions

Fitchburg State University enforces all state laws and city ordinances regarding the possession, use and sale of alcoholic beverages, including those prohibiting drinking by individuals under 21 years of age. The law also forbids falsifying age and identification cards. University policy restricts when, where and how alcohol may be served on campus or at university-sponsored activities or events and the amount of alcohol that a resident student or guest may bring into the residence halls.

Use or possession of alcoholic beverages in public areas (campus grounds, athletic events, parking lots, academic buildings, dining hall, campus center) is prohibited, except where a license to serve alcoholic beverages has been obtained. In such cases alcohol is only permitted within the confines of the license and at the discretion of the permittee. Open containers of any alcoholic beverage (any beverage where the seal is broken) is prohibited, except when permitted by law.
Public intoxication while on university property or at university sponsored activities or events are prohibited.

Hard liquor is prohibited on the Fitchburg State University campus. Hard liquor includes rum, vodka, gin, whiskey, and other similar liquors as well as mixed drink coolers.

Drinking funnels are prohibited on university property or at university sponsored activities or events. Any activities that promote and/or encourage drinking such as drinking games are prohibited.

**Prevention & Awareness Programs**

Abuse prevention programs are coordinated through several campus departments. The programs provide training and direct services to the university community and offer preventative educational and outreach activities.

Counseling Services is available for consultation concerning individual students with alcohol and/or drug problems. Individual or group counseling is available to any student who seeks assistance for a personal drug and/or alcohol problem. Please Note: Counseling Services is not able to accommodate court-ordered (required) drug and alcohol counseling. Students may also be referred for an alcohol evaluation session (BASICS) as part of a disciplinary action.

Human Resources, Counseling Services, and Health Services have established working relationships with area hospitals, community mental health centers and other social service agencies to facilitate referrals when treatment is needed.

**Off Campus Functions**

If a function is held off-campus, the contracted server must agree in writing that it agrees to assume all responsibility for serving alcoholic beverages. It is up to the sponsoring organization whether they will provide transportation to the function. The sponsoring organization will make every effort to reduce liability to the institution and ensure a safe and orderly function. Additionally, if sponsored by a student organization, the event must be registered and approved through applicable processes.

Alcoholic beverages may not be served in common sources, such as kegs, beer balls, boxed wines, punch bowls, pitchers, carafes, cases, tubs, etc.

**Alcohol in the Residence Halls**

Underage residents and their guests (regardless of age) may not possess or consume alcohol. Underage residents and their guests (regardless of age) may not be present in any residence hall room where alcohol is present.

There are also reasonable limits to the amount of alcohol that a resident student age 21 or older and his/her guest age 21 or older may possess in the residence halls at any given time. This is a privilege and not a right. Students may not store empty containers in the residence halls and are encouraged to participate in recycling programs. Limits apply to full, partially full or empty containers:

- One 4-pack of wine coolers, or
- One 6-pack of 12 oz. beers, or
- One 6-pack of 12 oz. malt beverages, or
- One bottle of wine no larger than 750 ml.

Common sources of alcohol, such as boxed wines, beer balls, beer kegs, cases and punch bowls of any amount of alcohol over the limits specified are prohibited in the residence halls.

The commercial delivery of alcoholic beverages to the residence halls is prohibited.

**On-Campus Functions**

Recognized student organizations must register all on and off campus events through applicable processes. Failure to register an event where alcohol is served is additionally considered a violation of this alcohol policy. Recognized student organizations in good standing are permitted to have alcoholic beverages at on and off campus functions when authorized through applicable processes.

The Falcon Hub holds a license through the city of Fitchburg to serve beer and wine to individuals age 21 or older upon presentation of proper identification. For events in locations other than the pub, beer and wine service must be provided by Chartwells, which holds a separate liquor license. Service of alcoholic beverages at on-campus functions is done so at the discretion and approval of the person whose name the liquor license is held in. The permittee and sponsoring organization will make every effort to reduce liability to the institution and ensure a safe and orderly function. The permittee shall be responsible for establishing applicable policies and procedures regarding the approval, sale, and service of alcoholic beverages on campus.

University administration reserves the right to cancel the service of alcohol on campus for any reason.

Safeguards must be taken to ensure an orderly function, to protect the rights of other members of the community against undue interference, noise and other disturbances. The hiring of a university police officer for an event where alcohol is served is at the discretion of the permittee. If the permittee decides that a university police officer should be present during an event, the cost to hire the officer must be borne by the sponsoring organization.

To prevent underage drinking at events where students age 21 and younger are present, the serving of alcoholic beverages will be limited to one drink per person age 21 or older.
University funds and/or student fees may not be used to purchase alcoholic beverages for student use (with the exception of stock). Recognized student organizations may not offer alcoholic beverages free of charge to any event participant. Alcoholic beverages may not be provided as awards. Participants may not bring their own alcoholic beverages to any event.

When alcoholic beverages are served, food and nonalcoholic beverages (other than water) must be made available. The cost of these refreshments must not be prohibitive. Alcoholic beverages may not continue to be served if nonalcoholic beverages run out.

When alcoholic beverages are served, the function must be supportive of best practices regarding service and alcohol education programs that encourage responsible decisions about the use or non-use of alcoholic beverages.

**Advertising Guidelines**

All posters, banners, and other advertising materials must be approved by SGA prior to being distributed on campus. All advertising must conform to applicable policies.

Advertising promoting alcoholic beverages must not encourage any form of alcohol abuse or place any emphasis on quantity and frequency of use. The consumption of alcoholic beverages must not be portrayed as the focus of any function.

Advertising of alcoholic beverages on campus may not portray drinking as a solution to personal or academic problems, or as necessary for social, sexual or academic success.

Advertising of alcoholic beverages and other promotional beverages may not associate alcoholic beverage consumption with the performance of tasks that require skilled reactions such as driving or playing sports.

**Federal and State Drug Laws**

The following is a summary of legal sanctions for the unlawful possession or distribution of illicit drugs and alcohol provided in compliance with the drug free schools and communities act.

Local, state and federal laws make illegal uses of drugs and alcohol serious crimes. Conviction can lead to assigned community service, fines and/or imprisonment. A felony conviction for such an offense can prevent an individual from entering many fields of employment and licensed professions. Cities and towns in Massachusetts, specifically Fitchburg, prohibit public consumption of alcohol and impose fines for violation. The Metropolitan District Commission and the State Division of Forest and Parks also prohibit public consumption of alcohol in parks.

Massachusetts's laws prohibit sale or delivery of alcoholic beverages to persons under 21 with a fine of up to $2,000 and six months imprisonment, or both for violations. Misrepresenting one's age or falsifying identification to obtain alcoholic beverages is punishable by a fine of $300. A first conviction of driving under the influence of alcohol has a penalty of a $1,000 fine, one year revocation of driver's license, up to two years in prison, and mandatory participation in an alcohol rehabilitation program.

Massachusetts has criminal penalties for the illicit use of controlled substances (or drugs), with penalties varying with the type of drug. In general, narcotics, addictive drugs, and drugs with a high potential for abuse have heavier penalties.

A law enacted in Massachusetts in August 1990 imposes a mandatory minimum of five years imprisonment for causing, inducing or abetting a person under 18 years old to distribute, disperse or possess with intent to distribute controlled substances, or to deliver or possess money in conjunction with such controlled substances.

 Possession of drugs is illegal without a valid authorization (E.g. a prescription). While penalties for possession are generally not as great as for manufacture and distribution of drugs, possession of a relatively large quantity may be considered distribution. Under both state and federal laws, penalties for possession, manufacture and distribution are much greater for second and subsequent convictions. Many laws dictate mandatory prison terms and the full minimum must be served.

It is illegal in the Commonwealth of Massachusetts to be in a place where heroin is kept and to be in the company of a person known to possess heroin. Anyone in the presence of heroin at a private party risks serious drug conviction. Sale and possession of drug paraphernalia is illegal in Massachusetts.

Persons convicted of drug possession under state or federal law may be ineligible for federal student grants and loans for up to one year after the first conviction five years after the second. The penalty for distributing drugs is loss of benefits for five years after the first, 10 years after the second and permanently after the third conviction.

Under federal law, distribution of drugs to persons under age 21 is punishable by twice the normal penalty with a mandatory one year in prison, and a third conviction punishable by mandatory life imprisonment. These penalties apply to distribution of drugs within 1,000 feet of a university or school. Federal law sets greatly heightened prison sentences for the manufacture and distribution of drugs if death or serious injury results from the use of the substance.
**Drugs and Other Substances**

The unlawful manufacture, distribution, dispensation, sale, possession or use of illegal substances or of drugs (e.g. narcotics, stimulants, depressants, hallucinogens) for which a required prescription has not been obtained is prohibited. The misuse or abuse of any prescription medication or over the counter drug is prohibited. It is also a violation of policy to be under the influence of and/or in the presence of illegal and/or the misused prescription medications.

Marijuana is prohibited by Federal Law. In compliance with the DFSCA, marijuana is prohibited on-campus. The manufacture, distribution, dispensation, sale, possession or use of marijuana on campus is prohibited. It is also a violation of policy to be under the influence of and/or in the presence of marijuana. No accommodations will be made for any student in possession of a medical marijuana registration card.

**Disciplinary Process**

The Office of Student Conduct, under the direction of the assistant Office of Student Affairs, oversees the student conduct process and handles incidents involving students and complaints against students on a case-by-case basis.

The procedures and sanctions for violations of the Code of Conduct are outlined in the Code of Conduct and Disciplinary Process Handbook. Sanctions may include anything from a warning up to and including dismissal from the university. Typically, the severity of sanctions will be increased based upon the number of offenses or based upon the severity of the incident. Questions regarding sanction should be directed to the Office of Student Affairs.

**Parental Notification**

As recommended by the Massachusetts Board of Higher Education and permitted by the Family Educational Rights and Privacy Act (FERPA), Fitchburg State University may notify parents/guardians when Fitchburg State students under the age of 21 have been found responsible through the disciplinary process for violating the university’s alcohol, drug, and good neighbor policies.

**AlcoholEDU for College**

Because Fitchburg State cares about your health and safety, Fitchburg State University is one of hundreds of institutions nationwide taking a new approach to alcohol prevention.

The University will be requiring every member of the first-year class to complete AlcoholEDU for College—a science–based course taken by tens of thousands of students each year. This course aims to educate students about alcohol and its effects on the mind and body. More information about this course will be posted on the Fitchburg State University Website and communicated via email.

Whether or not they drink, AlcoholEDU for College empowers students to make well-informed decisions and better cope with the drinking behavior of peers. More information about this program can be obtained by contacting the Office of Student Affairs.

**Guidelines for Substance Abuse Counseling/Treatment**

Students are encouraged to reflect very seriously upon their own attitudes and actions with regard to alcohol abuse and to seek out information and counseling assistance through the Fitchburg State University Counseling Services, Health Services, the Office of Student Affairs, or other appropriate personnel. All currently enrolled students are eligible to receive counseling through the Office of Counseling Services. Please note, Counseling Services is not able to accommodate court-ordered (required) drug and alcohol counseling. To make an appointment to see a clinician, please call (978) 665-3152. Referrals to resources in the community can also be provided.

Health Risks of Substance Abuse

The use of alcohol and other drugs, even infrequently, may seriously damage one’s health. The University’s health service or an individual’s health care provider can provide more extensive information on the effects of specific substances on an individual’s health. Risks include, but are not limited to the following:

- Excessive use of alcohol is associated with liver damage, hypertension, brain damage and a weakened immune system.
- Cocaine or crack use may be fatal, depending upon the cardiovascular response of the user. This drug is highly addictive and withdrawal results in severe depression.
- Tranquilizers and sedatives are also highly addictive, even in low doses. Use of these drugs in conjunction with alcohol is extremely dangerous and may result in the user becoming comatose.
- The intravenous use of drugs carries the additional risk of infection due to shared needles. HIV and hepatitis are transmitted in this way.
- Marijuana has properties of both depressants and stimulants and is considered a psychoactive drug. Marijuana contains more tar than tobacco and causes lung and bronchial disease, a chronic dry cough and respiratory irritation. Continued marijuana use has also been connected with memory loss and a motivational syndrome.
- Tobacco smoke contains carbon monoxide and may cause cancer and bronchial disease, a chronic cough and respiratory irritation. Smoking by pregnant women may result in fetal injury, premature birth and low birth weight. Chewing of tobacco may cause cancer.
